"Born of.." books you will love Eva Cayes "To be a Sinclair" series. The story evolves around Felicia, a dedicated science student and Victor, the emperor. Felicia attends a ball with Victor after he complained to his social advisor that his dates are only interested in fashion and he would love to spend the evening with someone who has other interests as well. The two hit it off immediately but life isn't going to make it easy for the two of them. Scheming dukes, nosy housemates, social pressure, scientific discoveries and an empire on the brink of war have the two struggle to find time to get to know each other away from prying eyes. Add to that two totally different life styles with demanding schedules and you have a couple who has their work cut out for them...

**Kurzbeschreibung** What will the greatest ruling family in the history of the galaxy be like? Lady Felicia Sorensen, a brilliant microengineering student, finds herself pressured to date Emperor Victor Sinclair, for he has fallen madly in love with her. Despite being showered with extravagant gowns and attention, she longs for a fascinating life as a scientist, instead of the stressful and dangerous destiny of an Empress. The social pressures of being the Emperor's Betrothed, from gossip and manipulation to an assassination attempt, cause her to weigh her love for him against her personal goal, to do research in her own lab someday. How can Lady Felicia follow her dream while still bending to the political necessities of a high elevation? This science fiction romance is the first of the eight-part To Be Sinclair series. The saga begins with DIGNITY and its companion volume MAJESTY, which detail the romance and first years of marriage of the Emperor and Empress of the Sinclair Demesnes. A few scenes describe sexually explicit behavior.

**ber den Autor und weitere Mitwirkende** After a health crisis, Eva Caye morphed from dilettante writer into obsessive author, publishing DIGNITY, the first of seven books in the To Be Sinclair series, as an e-book in August 2012, with MAJESTY following in October, FEALTY in December, ROYALTY in January, and a new book, EASTER EGGS, an anthology of the four free short stories added to her first three books. The author's goal is to have the series (plus one add-on book) all published within one year. Eva lives with her magnificent husband and two lovely mutts in a tiny farmhouse in Louisville, Kentucky.
