not be their best move...Nice characters, funny albeit annoying demonic minions, worst parents ever and interracial problems combined with the fear of a demonic invasion...It's not the best book of this author but it's a nice enough read...

KurzbeschreibungWhen Diomedes Stollen learns his mother is trying to take over the world he does what any self-respecting demon-vampire would do, he makes a pact with the local werewolf alpha. Or at least he tries, but first he has to clear up a minor kidnapping issue. Varick Taylor leads one of the largest packs in the city, but when a beautiful man has him stolen from his home he doesn't know what to do. Luckily his inner wolf is more than happy to claim Dio as his mate. A demon mother, a vampire father-in-law, and dozens of tiny demons add to the mix as two completely different people try to figure out how to combine their abilities while saving the world.
