Von Jaden Wilkes : Dirty Little Freaks (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dirty Little Freaks (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. A refreshingly different kind of EROTIC Romance! Von Bianca @BJSBB JADEN WILKES - DIRTY LITTLE FREAKS 174 pages release date - 08 January - 2014 4.5 of 5 stars MY THOUGHTS: About the story: Jade is a girl in her early twenties. She's working in a sex-store She likes Tattoos - colourful hair - the occasional recreational drug - clubbing - drinking - and sex! She could use more of the SEX these days though. But she's been too busy with work and stuff That's where Hush comes into the picture. He's the bass player in a punk band and Jade's room-mate Eva is dating (ahem, having sexual relations with) the singer in said band. And when the girls show up at one of their shows it's kind

of love/lust at first sight for Jade. Unfortunately she just had a little happy pill and LOTS of alcohol - so she thinks that Hush can't be ALL THAT amazing. But he kinda is. They start 'seeing' each other - seeing - effing, same thing And even though Jade doesn't think that she wants more, because she's just not the type for more - she secretly wants more. She wants to be this lovesick girly girl - the girl happily in love with her hot boyfriend. But she's never done that before - she only ever had one-night-stands. And her parents were not the best role models in the relationship department. Her mum is a mean drunk and her father - who knows where he is anyway. But Jade Hush make it work for a few weeks....we are maybe meant to be together, at least for a little while...They have LOTS of sex - very hot dirrrrty sex! Sex EVERYWHERE!!! Taxi, at work, concert stage etc. And they also use lots of coke and ecstasy and weed.....Everything could be perfect....But at the same time she senses that Hush is hiding something from her, only she doesn't want to dig too deep - she's too happy. She has never felt like this before. Then there's Rev - and we might invite him over for a threesome. And after that night nothing is the same anymore. And it's not because Jade suddenly fell in love with Rev. No, she's still head over heels for Hush.... but.....I'M NOT TELLING YOU WHAT HAPPENS NEXT....and I'm also not telling you if there will be a CLIFFHANGER!!!!!! Or who will die or not die at the end ;))) I REALLY LOVED THE BOOK!!! BUT I could only give 4.5 Stars...It was all that drug-taking in here - I'm just not comfortable with that. I would never do that - no matter how young and bad-ass rocker-ish I were - I would never take/try drugs. So that's a bit too far out of my imagination - BUT Jaden really describes it very 'healthy' - I would say. Yes, they snort coke and use this and that - but they're not addicted. They don't need it. It's just a little bit for fun. And another thing, nobody in this book has ever heard the word CONDOM either!!! Jeez people! This whole drug and condom-free thing made me think that the book might have been 'lived' sometime in the nineties or eighties and the Author just now found the courage to write it down BUT - all that should not keep you from reading this book - because it was really a great EROTIC read!!! We have this very strong, tough, sarcastic, funny punk-chick: Jade - her real name btw. is Jack Daniels - JD = Jade And she falls for this really hot musician. For my hero-worshipping-tastes there was not enough of Hush in this book. He gets a bit lost, because the book is written in Jade's POV. We don't really get to know him at all. Towards the end it gets a bit better - but it wasn't enough for me. I couldn't really fall in love with him - which I need to happen in my Romance books BUT - I really LIKE Jade - and that's not something that happens to me all that much I was really proud of her - well at least most of the time ;) I wouldn't mind to read more about Jade Hush - there is so much more to write about them.... I hope they stop with the drugs But - all in all I really enjoyed reading Dirty Little Freaks - it was something refreshingly different, compared to my usual NA romances and Rom. Suspense and erotica If you like your New Adult romances REALLY EROTIC, DIRRRTY and refreshingly different ----GO AND BUY THE BOOK 0 von 0 Kunden fanden die folgende Rezension hilfreich. Hell Yeah! Von ZT Nothing deep unless you're talking about sex. They're banging it just about everywhere. Imaginative, given. Everything that's naughty, sinfully portrayed here without shame. Moral police, hands off. Kids, don't you dare! Because this is inexcusably dirrrty.

KurzbeschreibungThe Short: Dirty Little Freaks is the story of Jade Daniels, a tough girl full of secret dreams and desires who learns that sometimes the biggest walls need to be torn down in order to build something beautiful from the ruins. A punk rock story about lust, love, and all the naughty bits in between.
The Long: Meet Jade Daniels, she hates her name, hates her life and hates people in general. She loves sex, loves her roommate, and loves her secret obsession, learning. Now she loves a guy with a stunning green mohawk, lickable abs and a mind as filthy as hers. Hush crashes into her carefully constructed world of sex, drugs and music with his gorgeous tattooed body and sexual demands. Jade is happy...But Jade learned long ago that nothing but misery lasts forever, and happiness is fleeting at best. Or is it?
The Warning: ***Rated 18+ Please understand that this book is full of swearing and sex and drugs. I don't control what my characters do or think, so don't shoot me off a bunch of angry emails because you got fired for reading it at work, or God is going to smite you for laughing, or you caught your husband jerking it to the sex scenes. This is also a work of fiction. Seriously, dude. If you feel compelled to have casual, unprotected sex or shove coke up your ass because you read about it somewhere, frealz, you need help. Unprotected sex often leads to gross diseases and even worse, babies. And yeah, drugs are badmmkay? So, I guess that about covers it
The s: "ZOMG I want to have a million of Hush's babies....." -said no reviewer, ever. "WOW one hell of a read, I wish I could pay the author fifty times what she is asking for this book, in fact, what's her Paypal?...." -also said no reviewer ever. "I'd rather eat a crap sandwich every day than live without this book in my life..." -said some book blog you never read. "I give this book ALL the stars in the SKY it's THAT good..." -another book blog you vaguely recognize but really don't GAF about. "Listen, go with your gut. If you've heard good things about this and it seems like the kind of story you will love, buy it! Otherwise, just skip right to the one and two star reviews and chuckle at them tearing the book apart, I know I do. Then I usually buy the book anyways..." -Jaden Wilkes, Big Headed Author
