Read!Von Kindle JunkieThe story kept me clicking along from page to page, wanting to find out what happens next.

Cuban-American Marisela is a street-wise woman with a past and her own moral code. She's not afraid to go after what she wants. A well-defined, strong character. Writing is smooth, not stiff. Quite enjoyable after reading many kindle books loaded with typos and grammatical errors. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Leto delivers fire! Von Deborah Macgillivray Julie Leto has been one of the top writers to emerge from Harlequin's Blaze line. She is a sassy, sexy author that loves people, loves her characters. She likes to dance on the razor thin edge of the envelope, is unflinching in her sexuality of those characters, so you could see Leto would soon want to spread her wings and walk on the wild side with a wee bit more 'elbow room'. She gets it with this Downtown Press title Dirty Little Secrets. On the ARC (Advanced Reading Copy) I received, it has a neat red and black Chit Lit style cover. I see they have updated it to give you a female James Bond feel. Whatever the cover, the package within is dynamite! Leto is launching a new series, featuring a sexy, kick arse, Latina bounty hunter. She is not the stay at home Chiquita, but loves danger and chases it with a passion. She is also passionate about ex-boyfriend Francisco Vega. She hasn't seen her old love for ten years. A broken heart that never healed, sees her going after Frankie when he skips out on bail. Now, he's in the cross-hairs of her target for more reasons than one. She tracks him down to one of their old haunts, a Tampa dance club, and sets about to seduce the lad into her clutches. Only, Frankie is on his own agenda. He's world is dangerous, deadly, as he moved through the underworld of arm dealers, killers and dirty dealings on the major level. Marisela is a complication he didn't need, only there is no shaking her. Not that he really wants to, mind you. So Marisela is pulled into Frankie's shady side of town, she has to prove there is more than one way to get her man. This book sizzles with Leto's sharp writing. However, fans of Leto, understand this is not typical romance. This is adventure series where manhunting is literal!! The romance between Marisela and Frankie is typical Leto singe your fingers because the pages are too hot, but this is not category romance. Kudos for gusty Leto for stepping up to the challenge and leaving the safe nest of Harlequin Blaze to deliver this outstanding novel!

Kurzbeschreibung From New York Times bestselling author, Julie Leto, comes the FIRST book in an action-packed, super-sexy thriller! PRAISE for DIRTY LITTLE SECRETS: "Stephanie Who?
