**Von Francis Guenette : Disappearing in Plain Sight (Crater Lake Series Book 1) (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Disappearing in Plain Sight (Crater Lake Series Book 1) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. A terrific read with great characters Von Karen O. With Disappearing in Plain Sight, Francis Guenette has created a story

that doesn't let you off the hook. The reader gets to know the community members pretty soon. The characters, their ways of dealing with stuff, their feelings, and the events are very real. You may often think differently, however you know that there are persons in your life who act and feel like the characters in question. The characters and locations are fittingly described; you feel Francis love for characters and site. *Disappearing in Plain Sight* gets you hooked even if it is not your typical genre. I was drawn into the story right away. I felt close to Lisa-Marie, like being an invisible part of the community. *Disappearing in Plain Sight* is a great read for contemporary fiction fans, readers who like to uncover the inner demons, and self-awareness. This is a book to read again.

People are forced to grapple with the realities of grief and desire to discover that there are no easy choices only shades of grey.
