Von Esme Ombreux : Discipline of the Private House (Nexus) before purchasing it in order to gage whether or not it would be worth my time, and all praised Discipline of the Private House (Nexus):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. It Takes

Discipline to Finish it Von Ein Kunde A disjoint work of mainly lesbian domination. Although relatively well written in terms of grammar and use of the language, there just isn't a coherent thread through the work. Much less interesting to read than the two previous works by the same writer. It gets three stars only because the writing and language usage are above average. The story development is lacking, one would have wished for more involvement by the character Barat, but this was not to be. The ending was essentially telegraphed at the beginning, thus "relieving" the reader of suspense (and a lot of interest as well).

Kurzbeschreibung Jem Darke, A Mistress of the Private House, is bored. So bored that she rashly accepts a challenge to submit to the harsh disciplinary regime at the Chateau, where the Chatelaine and her depraved minions will delight in administering torments and humiliations designed to make Jem abandon the wager and relinquish her supreme authority. Only the Sapphic bond formed between Jem and the other captives will give them the strength to surprise their tormentors - only their acceptance of the strict rules of pleasure and pain will win them freedom.
