**Von Georgia Bockoven : Disguised Blessing** before purchasing it in order to gage whether or not it would be worth my time, and all praised Disguised Blessing:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great relationship dramaVon Ein KundeCatherine Miller feels good about the world as she vacations with her beloved

teenage daughter Lynda and her beau Tom Adams. Adding to her feeling of euphoria is that Tom and Lynda seem to get on so well together. However, her idyllic world crashes down around her when Lynda is badly burned during a party and is flown to a Sacramento hospital for emergency treatment. Tom fails to be there for the distraught Catherine and unceremoniously hides from the woman who badly needs his support. Local firefighter Rick Sawyer works closely with burn victims, making sure they receive the needed emotional support to surmount the trauma. As he works with Lynda, the duo hits it off as if they are old buddies. He also falls in love with Catherine, who is weary because her first two choices in males (Lynda's father and Tom) let down both herself and her daughter when they needed them.

**DISGUISED BLESSING** is a wonderful contemporary relationship drama that will enthrall readers with its message of hope. The plot centers on everyone's reactions to Lynda's trauma. All the characters are fully developed so that their motives and actions toward Lynda feel genuine. The lead couple makes a fine pair, but Lynda's plight steals the show, as the audience wants her to fully recover. Georgia Bockoven knows how to pull the strings of her audience and this novel is a virtuoso performance.

Words that tell of the Essence of Life Von Kindle Customer Do you know that feeling you get when you look into the eyes of the person you love like life itself? That sense that everything is complete? Do you remember what it felt like when you were first falling in love with someone? Those heartwrenching feelings? The gut-twisting panic when you thought that maybe the other person didn't feel that way? Some of you may remember how you felt when you got a phone call that no person would ever want to get--the one telling you that a friend or a family member had died. That numbing sense that this is not real, followed closely by the beginnings of the deep pain of the loss that can take years to overcome. If you read this book by Georgia Bockoven, or any of her other books, you will most likely remember these feelings, and so much more. The good and the bad that make up this silly little thing called the human existence. How does Ms. Bockoven capture the essence of life, the emotions of love and loss, and put them to words so well that you relive the best moments of your life--and maybe a little of some of the worst? How does she weave a spell of words that touches your soul itself? I have no idea--but I'll tell you that she then does the deed one better. Quite frankly, I would normally prefer not to be reminded of the sad events in my life, thank you very much. But Ms. Bockoven, after gently bringing you into the lives of her characters and letting you experience all that they do, gives the reader a priceless gift. We have the capacity, each and every one of us, to chase away those dark shadows. All it takes is love. A simple little fact, easily forgotten in the midst of life's trials. When you are done reading a Bockoven book, you'll remember.

She's created wonderful characters and a world the reader is able to immerse themselves in completely. Catherine Miller seems to have it all - a luxurious house in a trendy subdivision, a successful fiancé, and lovely teenage daughter. It all comes crashing down on her one night when her daughter, Lynda, is burned in a tragic accident. Her fiancé isn't able to cope with Lynda's problems, leaving Catherine just when he needs her most. Rick Sawyer, the firefighter who is a volunteer support person for burn victims, and is assigned to Lynda's case, is there to pick up the pieces, not only becoming a support for Lynda, but a confidante for Catherine as well. This book truly took my breath away. It really put me in Catherine's world and made me feel a part of it -- feeling her pain and sorrow -- and finally her need and her love for Rick. This is a book readers won't be able to put down once they start. If you enjoy the works of such great authors of relationship novels as Barbara Delinsky or Kristin Hannah, you are sure to enjoy this outstanding story from Georgia Bockoven, the master of the relationship novel.

**Kurzbeschreibung Silver Linings** After years of being alone, Catherine Miller thinks she's finally found happiness. Engaged to an adoring, successful executive, she lives in a luxurious house, and her beautiful fifteen-year-old daughter, Linda, is on the brink of college and adulthood. Then, Catherine's rose-colored world is shattered. Her daughter is burned terribly in a freak accident, and just when Catherine needs him most, her fiancé abandons her. Now Catherine must call on every ounce of courage and strength she has to help her beloved daughter recover. Fortunately, she's got help in fire captain Rick Sawyer, an expert burn counselor. Ruggedly handsome, appealingly down-to-earth, Rick is like no man Catherine has ever met. But Catherine made the wrong choice before. How can she trust her emotions--especially when it's not just her heart at stake but her daughter's life, too? In the tradition of Barbara Delinsky comes this poignant, moving story of the bonds of family, the strength of love, and the courage to dare.
