Did Greyson Find His Mate?Von Ingrid Stephanie JordanTitle: Disquieted SoulsBlack Hills WolvesAuthor: Deena RemielReviewer: Stephanie JordanI really love the Black Hills Wolves Series.Ms. Remiel did justice to it also. This is my first book by this author BUT it won't be my last. She does have a way of writing as her word flow through the

pages word by word. Greyson has lived his whole life in Los Lobos with Gee raising him from up pup the runt of the litter. Life was even harder because of his looks. He had different eyes one indigo and the other amber with gold flecks, white hair and pale skin, no one really befriended him, he was a loner who lived on the other side of Pack land in the cabin he built. His Alpha Drew accepted him and had him take out all the rogues, he was a good tracker. Then one night he was jumped left for dead. Willow Bisset was a high fashion photographer, but dealing with models was not what she wanted to do, she had to eat and it paid the bills. She wanted to work for National Geographic, with nature, animals anything but fashion models. Going on a camping trip sounded good she could take a little vacation with her camera and see if she can do photography with Nature. Then while in her camper she hear growls and whines. She goes out to check, there had to be a lot of them it sounded so awful. Then Willow saw white bloody fur laying in the dirt. I was gifted this ARC for an honest and truthful review. Kurzbeschreibung Willow Bennett, a fashion photographer, has had enough of the career that's blackened her soul, and wants out. Her passion lies in taking pictures of nature, and she's determined to make a living from doing it. When she stumbles upon a gruesome scene in the Black Hills Forest, her life is forever changed. Greyson shouldn't be alive. As the runt of the litter, his mother left him to die in the wilderness. Picked up by Drew, son of the Alpha, he is adopted into the Tao Pack. Rather than living a charmed life, he lives his days alone, tormented by his abandonment and his unique appearance. His soul yearns for acceptance, peace, and closure. Willow could be the answer to Greyson's prayers, or the very death of him. I also teach language arts to middle schoolers. I belong to RWA national and the Desert Rose Chapter of RWA, where there are outstanding people writing fabulous stories. I grew up in Philadelphia, home of the most amazing cheese steaks, soft pretzels, oh and the Liberty Bell. My husband and I began our own family in New Jersey, and just a few years ago, Arizona called to my spirit and tempted my husband with much better weather! We moved our family, and the rest is history, or the present, as the case may be! These are a few of my favorite things: writing and reading of course, chocolate, music with lyrics or melodies that speak to me, soaking baths, singing in the shower, dancing with my buds, romantic dancing with my hubbie, scrapbooking, watching my girls enjoy what they love to do, and laughing at jokes.
