Von Andrea Speed : DMZ (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised DMZ (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Zu kurzVon emseAlso 28 Seiten fr den Preis finde ich schon etwas heftig. Htte ich das vorher gesehen, htte ich dieses Buch nicht gekauft.Nicht das die Story schlecht war. Andrea Speed kann nicht schlecht schreiben. Aber mir hat der bei

ihr bliche zynische Humor in dieser Story gefehlt. Dann doch lieber auf den nchsten Teil der Infected Serie warten.

KurzbeschreibungCarlo Langlois joined the diplomatic corps to help people, but when his helicopter is shot down in a war torn country, hes the one who needs assistance. None other than his old secret crush from university, Ky Kinnaird, turns up. Ky may have been an athlete and still has the rugged build to prove it, but he now works undercover for MI-6, in charge of the extraction. If Ky can keep Carlo safe, an old attraction might have the chance to blossom into more.KurzbeschreibungCarlo Langlois joined the diplomatic corps to help people, but when his helicopter is shot down in a war torn country, hes the one who needs assistance.
