Von A.J. Sand : Documentary (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Documentary (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Ich wrde es wieder lesenVon LauraDieses Buch endet mehr oder weniger mit einem Cliffhanger aber in diesem Fall fand ich es

nicht weiter schlimm, da es dennoch ein abgerundetes Ende gab. Die Geschichte selbst ist natürlich nichts Neues. College Girl verliebt sich in Rock Star (und natürlich umgekehrt) und aufgrund verschiedener Umstände ist eine Beziehung anfangs nicht möglich. Das hatte man in vielen anderen Büchern auch schon. Was ist besonders an diesem Buch fand und ich auch sehr gerne mochte, aber zum einen die Nebenpersonen. Es wurde ein ganzer Freundeskreis vorgestellt und man gewann die einzelnen Personen schnell lieb und konnte sich auch in die Gruppendynamik einfügen. Ich fand die Tatsache, dass es nicht nur um die Hauptpersonen ging erfrischend und daher war auch die Länge des Buchs (wie hier manchmal kritisiert wurde) überhaupt nicht zu viel sondern gerade richtig. Ich kann nur abschließend noch sagen, dass ich mich auf den Band 2 sehr freue :)

Kurzbeschreibung Dylan Carroll, an ambitious college student filmmaker still reeling from the death of her brother, may have just stumbled onto the opportunity of a lifetime. Musician Kai White is in the middle of a public relations nightmare, and he may be keeping a secret that could turn things around. His manager/publicist wants to create a web series aimed at cleaning up his image. There's also a promising offer at stake if Dylan can abide by the rule of staying strictly professional, and if she can figure out what Kai is hiding. But Kai and Dylan already have an undeniable connection, and when they are together, they discover that rules are pretty easy to break. It's battling your own demons that's much, much harder. As Dylan gets deeper into Kai's world, capturing his life on film, she'll learn that some secrets are so big, they are kept even at the expense of a career. And that a person's story is often nothing like it appears from the outside. 440 PAGES. There's another book after this one. No idea when I'll get to it. **NOTE:** This book's content is unsuitable for readers under age 17. Contains sexual situations, language and violence.
