Well-written and hotVon Natascha SA beautifully written and very realistic account of the life of a dominant woman. Many books in this area are poorly written and highly unrealistic, with this book you can tell that there is an educated, honest and real person behind it who knows her way around.

And yes, it's really just as idyllic as it sounds. I'm a dominant woman, and my writing about female dominance and male submission is largely a reaction to the fact that when I started out many years ago, I struggled to find stories that reflected my experiences and desires: Passion-driven relationships full of love and affection and incredible hotness. Yeah, those. I started writing about my own D/s experiences many many years ago. Then I started a blog (<http://domme-chronicles.com>). Now I have a book. My hope is that the way I write about D/s and BDSM play is something that people can relate to. I'd like those who are just curious to think it sounds like insanely hot fun, and those who are experienced to nod at times in recognition and say 'Yes! THAT!'.
