Von Donald E. Westlake : Don't Ask: A Dortmunder Mystery (The Dortmunder Novels) before purchasing it in order to gage whether or not it would be worth my time, and all praised Don't Ask: A Dortmunder Mystery (The Dortmunder Novels):

Kurzbeschreibung Dortmund has a job offer. He's been hired by third parties to pull off heists in the past, but never to lay his hands on anything this peculiar. It is the 800 year old femur of a 16-year-old girl who who, having been killed and eaten by her own family, was made a saint by the Church. Now two European countries and the Catholic church are fighting like dogs over it. This bone, the femur of St Ferghana, is a holy relic claimed by two newly-created European nations, Tsergovia and Votskojek. The relic will be awarded to one of the two countries, which will then be admitted to the United Nations. Dortmund and his gang are working for the Tersgovians. As usual, nothing goes according to plan. How will this free-for-all end? Don't ask.
