KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Intercultural love storyVon -KundeThis is a very special novel by a talented author. Special e.g. because it is written from the perspective of a young woman living in 2023 who is looking back to the time when her parents met. This book is also an intercultural love story with insights into the business world and into important political changes in the (Arabic) world. As the author's mother tongue is most surely not English, her book can be easily read by people who

are not completely fluent in English. I'm looking forward to the sequel!
