KurzbeschreibungFrom thriller and suspense master Brett Battles comes Down, the final book in the Project Eden saga. Matt Hamilton's last words have led Daniel Ash and his team to the snow-covered town of Everton, Vermont. On a field just outside city limits sits an unassuming hut. But this is no innocent building. Inside is the entrance to the secret Project Eden base known as Dream Sky, the key to the Project's success. Or its defeat, as Ash hopes. To give the team the best chance to succeed, Resistance groups have moved into position outside Project installations around the globe. The purpose: to create diversions that will draw Project attention away from Dream Sky. These groups have been waiting for the signal to attack. The wait is over. Dream Sky is best read after completing volumes 1-6 (Sick, Exit 9, Pale Horse, Ashes, Eden Rising, and Dream Sky). Praise for the Project Eden Thrillers Sick didn't just hook me. It hit me with a devastating uppercut on every primal level as a parent, a father, and a human being. Blake Crouch, author of Run [A] gem of an outbreak story that unfolds like a thriller movie and never lets up, all the way to the last page. Absolutely my favorite kind of story! John Maberry, New York Times bestselling author [Sick] not only grabs you by the throat, but by the heart and gut as well, and by the time you finish you feel as if you've just taken a runaway train through dangerous territory. Buy these books now. You won't regret it. Robert Browne, best selling author of Trial Junkies You think Battles was badass before? He just cranked it up to 500 joules. CLEAR!
