Von Elizabeth Bevarly : Dr. Mommy (From Here to Maternity) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dr. Mommy (From Here to Maternity):

Not Elizabeth's bestVon pontmarieThis story didn't engage me as much as Elizabeth's books usually do.Claire Wainwright, an obstretician, finds an abandoned baby and we have the usual Icy Woman who Warms to a Baby thing going, then her old love, Nick Campisano, steps in and of course by the end, they're a happy family.I didn't buy it 100%, someone who is not maternal is NOT MATERNAL, so Claire's change from keeping babies at a distance to being happy in a messy house full of kids and toys didn't strike me as real.

Kurzbeschreibung Clearly this wasn't just another New Year's Eve, but if anything would have surprised obstetrician yet baby-phobic Claire Wainwright more than the little pink bundle on her snowy doorstep, it was who came when she called for help: Nick Campisano. the man she'd sent packing years ago...and had never gotten out of her heart. Back then he'd wanted more than she thought she had to give. Now, snowbound with Nick and baby for days on end, she was the one wanting more of him, in every possible way. Was this one old acquaintance destined not to be forgotten?
