Excellent Series!Von RobynThis series was my first introduction to the world of Michelle Pillow creative magic. This is a wonderful series full of deep passion and love, truth and finding ones fated mate. The setting is futuristic, yet the why the Dragon Lords live is somewhat set in a historical romance time. They do have all the modern and futuristic

technology. The story line is very well developed and the characters are NOT one dimensional. Each and everyone has a past that they are either running from and trying to forget. The women are not fake and are strong. I would recommend this series to anyone that needs a bit of escape and some hot sexy Dragons.
