KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. great bookVon Anna KAfter Watching Fireflies Author Jaycee Ford managed again to capture my attention in Dragonfly Awakening.I could feel from the beginning that Ellie and Paul loved each other from day one. They couldnt be

together because of Paul's best friend Lance and so their life went on without each other. Ten years later they meet again. It's just such a great story. I could easily relate to Ellie and Paul's situation and how they felt for each other. Paul was conflicted between his loyalty to Lance and his love for Ellie. It is just so heartwarming how they meet again. Ellie and Paul have such great chemistry and are just perfect for each other. It is really a great book.

Kurzbeschreibung#1 AMAZON BESTSELLERWhen Paul Harris laid eyes on Ellie Caldwell the first day of high school, his heart stopped and never beat the same again. However, his best friend Lance spoke first and ended up with the girl. Paul watched them from the sidelines as he fell harder and harder, caught beneath rules of friendship and brother codes. Ellie secretly desired Paul, but he never made a move. Ten years later, Ellie is living in New York City, worlds away from her ex and the man her heart always craved. A New Year's resolution sends her back to the country, bringing Ellie face to face with her past. A forbidden love unfolds between a small town cowboy and a big city fashion designer. When time and distance are no longer excuses, secrets and broken promises come in between Paul and Ellie. All because of the one thing that has always stood in their way Lance Walton.
