shortstory, good to read !! Von Pamina This is the book, where you get the first idea behind the whole story about how everything started with the Arcadians and the Katagaria.... Dr. Channon MacRae is a history professor and wants to unravel the story behind the "Dragon-Tapestry". One day while thinking about this tapestry in the museum, a handsome man shows up. Channon feels absolutely attracted to him from the beginning. He is very mysterious too and seems to know a lot more about this tapestry. Sebastian Kattalakis is an Arcadian - half man half animal ... in his case dragon. He is an outcast from his own people since many centuries. To make a bargain with the Katagaria (half animal half man, but more animal...), who kidnapped his brother, he is coming into the 21st century to steal the "Dragon-Tapestry". The both feel instantly, that there is something special between them, they spend the night together and then Sebastian finds out (with a special mark on his one hand), that "The Fates" have decided, that Channon is his soulmate. Now he has to convince her in 3 weeks to stay with him her whole lifetime - but ... he has to go back in time to save his brother with the tapestry, how shall he explain time-travel and his whole story to her? How can he expect her to love him - an outcast of his own people, half man, half animal? I liked this story. It is short, but well told and you get introduced to the whole story of Arcadians and Katagarias - how everything began. I liked the idea of dragons, time-travels, shape-shifters and soulmates. It is really a nice short-story!! makes you interested in the whole story ... Visit Sherrilyns website... there is a lot to learn ... great!! Have fun with this book ... 13 von 18 Kunden fanden die folgende Rezension hilfreich. Bereits erschienen Von Tima Nithis Dragonswan ist eine sehr schne Kurzgeschichte von Sherrilyn Kenyon.
