came back with a roar with this mesmerising book. Marlie Keen is an empath. She feels what is happening to people in episodic black-outs, and what she is seeing now is murder in a most horrible fashion. Though she has been there done that before, she cannot withhold the information knowing the killer will strike again and again, so she puts herself through the ridicule in hopes of stopping a serial killer. Dane Hollister wants this killer caught and will use anything and everyone in his path, including Marlie Keen. He is attracted to her, and he will put himself between her and the killer, but no matter how he feels about her, he will use her as bait to stop this madman. Marlie is deeply attracted to Dane, feels that attraction deepening into stronger emotions, possibly love. But she fights this, knowing most people cannot accept life with an empath, fearing that their every thought is laid bare. Dane swears he is different, yet when push comes to shove, he proves he, too, is not that much different than the rest. Despite their personal problems, they are forced to work together, because Dane knows only through Marlie and her gift will be able to bring this madman to justice. Marlie's visions grow stronger, just as her feelings for Dane, but then he betrays her. He promised her if she helped track the killer he would shield her from the public and the media. Knowing how devastating this would be to her, he deliberately alerts the press to the psychic presence on the case baiting the trap to make the killer focus his attention on Marlie. But in doing so, he may have lost the woman he was falling in love with. Tense, gritty and emotionally draining. A book you will never forget and a fitting return for Howard.

Von Lilliliiestgerne Nach meinem Reinfall mit "Nachtkuss" wollte ich eigentlich erstmal keine Bücher mehr von Mrs. Howard kaufen, da ich das Gefühl hatte, alle ihre guten schon zu besitzen bzw. zu kennen! Außerdem habe ich so meine Probleme mit dem Thema Hellseherei außerhalb von Fantasy-Romanen. Doch dann habe ich mich doch wieder von begeisterten Rezensionen verleiten lassen.... Die 'mit einer "bersinnlichen Wahrnehmung" gesegnete" Marlie wird "Zeugin" eines brutalen Mordes und bietet der Polizei ihre Hilfe an. Diese sind natürlich misstrauisch, allen voran Detective Dane Hollister, der sich natürlich auf ihn (keine klassische Schönheit, aber trotzdem Schlag bei den Damen) ungewöhnlich intensive Weise zu ihr hingezogen fühlt. Die beiden werden natürlich ein Paar, Dane lbt Marlie ihre traumatischen Erlebnisse mit dem männlichen Geschlecht vergessen und natürlich wird der Killer auf Marlie aufmerksam..... Die Kennenlern-Phase der beiden ist in gewohnter Howard-Manier fesselnd. Witzige Dialoge, nette Szenen, gute 'Nebenpersonen'... doch dann geht es bergab. Dane lbt das absolute Alpha-Männchen rausgehen und Marlie fand ich einfach nur noch "schwach". Nichts gegen ein, zwei gute Liebesszenen, aber irgendwann ist es denn auch mal gut. Ein weiteres Highlight ist dann für mich die Phase des Streites zwischen den beiden - kurz, aber gut. Doch kann ich einem Buch, bei dem ich relativ früh geguckt habe, wieviele Seiten es denn noch dauert, bei dem ich des Öfteren berlegt habe, es beiseite zu legen und angefangen habe, quer zu lesen, nicht mehr als zwei Sterne geben! Für mich jedenfalls hat die Geschichte nicht funktioniert.

One of the few that made it to my keeper shelf Von Ein Kunde I've been reading romance for over 20 years (Yikes!), beginning with Woodiwiss' "Flame and the Flower", and I know a good book when I get my hot little hands on one. I have less spare time to spend reading, and less patience with bad writing or editing as I get older - I cherish the time I spend curled up with a great book. I'm tired of the "old boyfriend" (if he was a jerk the first time around, why give him a second shot?) and "hidden kid" (not very honorable) themes, and this current amnesia craze gives me hives. When I want to read a good romance, I want unique and intriguing plots, dominant and protective males who want a partner not a maid, witty dialogue, and smart savvy heroines. Most of all, give me authors who don't get bogged down in the scenery and details - don't tell me what happens, show me - if I can't picture the action in my head and like the characters enough to care what happens to them, you've lost me as a reader. Linda Howard is one of the very best, and her books consistently make it onto my keeper shelf, which I'm very picky about and which is populated by volumes authored by those familiar names like Garwood, Deveraux, Quick, Woodiwiss, Garlock, and Lindsey - if I don't love it enough to want to read it over and over, it's outta here. If you liked this one, try her others, including "After the Night" and "Kill and Tell", two of my other favorites.

Kurzbeschreibung Had she finally met the man she longed for...or was she dreaming? Marlie Keen was trying to lead a quiet, ordinary life. She thought the knowing -- the clairvoyance that allowed her to witness crimes as they happened -- had been destroyed in the nightmare of her past. Then one night it returned with a vengeance, and she desperately needed to find someone to make it stop. Detective Dane Hollister of the Orlando police department had never met anyone like Marlie. He had doubts about her clairvoyance, but there was no doubt how much he desired her. Her soft, sweet scent set his blood afire, and he wanted to wrap her in his arms and chase the sadness from her eyes. To Marlie, Dane was all heat and hard muscle, and he made her body come alive as it never had before. But not even she could foresee where their passion would lead: a hungry quest for the elusive, dreamy ecstasies of love...and a dangerous journey into the twisted mind of a madman who would threaten their happiness and their lives..... deSetting: Contemporary Orlando, Florida Sensuality: 8 Never comfortable with her fame as an empath, lovely Marlie Keen has led a life free of clairvoyant incidents for several years. But her quiet, ordinary existence is shattered when the unwanted ability to read a murderer's mind returns with a vengeance. Knowing that publicity is sure to follow, Marlie

nevertheless tells the police what she knows. Tough detective Dane Hollister first scoffs at her claim that she "sees" the serial killer who's terrorizing Orlando, but it doesn't take long to convince him that she's telling the truth. It takes even less time for him to recognize the attraction between himself and Marlie, but Marlie is incredibly vulnerable to the visions assaulting her and Dane must put his fierce desire on hold while he tries to track down a bloodthirsty madman. A perfect example of why Linda Howard is a leading author of romantic suspense, *Dream Man* offers a plot that unfolds with precision, suspense that is taut and spine tingling, passion hot enough to peel paint, and breathtaking romance. This is Howard in top form. --Lois Faye Dyer
