Von Terry Tyler : Dream On (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dream On (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. DREAM ON! Von Brenda Dream On by Terry Tyler is an engaging read about this guy, Dave Bentley who wants to be a rock legend, or to quote from the book, he wants to "play arena rock." With that, he desired the lifestyle that went along with it. When he met Janice Brown, he thought it would just be a "casual, forgettable ship that sailed his way in the night," instead his life changed in unimaginable ways. Without looking back, he was now married and with a baby, Harley, if that isn't rock n roll enough! Still, his dream was on the forefront of his mind. Even though he was strapped with a regular job he decides to join a rock band, Critical Mass. Dave Bentley becomes the front man and back in the music scene yet that was short lived. He has a kind of spiritual awakening, of sorts, after getting involved in this

television documentary about the Viking invasion on the east coast of England. He felt a connection and began writing songs related to this era and it was then that Thor was born and that's when things start to get a bit more complicated. I liked that there was more than just Dave's point of view. As a reader it made me feel like I was eavesdropping, something I have to admit I adore. Love being a fly on the wall and hearing all the inner-workings and dirty little secrets. Dream On is a fun read full of drama, gossip and twists. A really nice escape. Quote ~He listened when she talked, really took an interest in all the frustrations she'd experienced over the years. He was a down to earth nice guy - without being a wimp. Oh no, Dave Bentley was no wimp; well, hey, he was a Viking, wasn't he? She laughed to herself as she watched him moving around the room, lighting a fag, pulling on his clothes; band practice beckoned.

Kurzbeschreibung DREAM ON Terry Tyler Dave Bentley was born to be a rock star. He believes he's a reincarnated Viking warrior, too... When Dave forms his new band, Thor, there are plenty of sleepless nights for Janice, his on-off girlfriend and mother of his son. Not only must she deal with the thrills and spills of life as a hardworking single mum, but also the imminent return of singer-songwriter Ariel Swan, Dave's one true love. Poor Janice. Dave is still the love of her life. Ariel Swan returns to small town life - and Dave's heart. She and her friend Melodie (whose ambition is to be "a celebrity") enter a TV talent competition, so Dave and the rest of Thor decide to make the most of the opportunity for possible fame and fortune, too. This adventure brings about big changes in the lives of all of them none of which Dave could have anticipated. One member of Thor even ends up on The Jeremy Kyle Show...
