Von Sarah Copeland : Dreamers In Time (Black Lace Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dreamers In Time (Black Lace Series):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. An

enjoyable read, and a lovely story. Von Ein Kunde I must admit I had to finish this book, it was engaging as well as exciting. I would like to see a follow-up. 1 von 2 Kunden fanden die folgende Rezension hilfreich. Erotic, but with an interesting storyline. Von lockhopper@lineone.net The book could stand on it's own as a story, but is definitely enhanced with the HOT action right from the start. This one is a definite mind-blower. Enjoy it from first line to last!

Kurzbeschreibung Four thousand years from now, the last remnants of humanity battle for survival beneath a hostile sun. Two thousand people remain suspended in endless slumber while others toil for the means to wake them. Carnal desires and the lexicon of physical pleasures have been forgotten in the long age that passed since the last humans made love. Barbaric dreams and strange fantasies are all that remain. Ehlana, historian and time traveler, becomes the unwitting bridge between her own time and ours as she travels in search of an answer. She discovers that her own primal memories provide the key which unlocks the door to another world and her own sexual awakening.
