**Von Jill Barnett : Dreaming** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dreaming:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Almost exceptional book...Von Sunhi LaubI'm not a big fan of romances in general, but Barnett's 'Dreaming' is worth reading. It contains lovable characters, an interesting plot, and some funny moments. I particularly love the hero and heroine's interactions with each other. Certain scenes would take me from tears to laughter in a matter of paragraphs. Maybe I'm

just a relentless romantic and was glad that Letitia's persistence finally paid off or maybe it was the way Richard slowly fell in love with Letitia, but something made this book one of my all-time favorites. However, I couldn't give this book five stars simply because it assumes that the reader has finished some other Barnett work. I didn't care about the characters of Joy and Alec and wondered why they were even in it. Maybe if I had read the previous book, I'd care about them, but I didn't and felt precious page space was being wasted on them. That and the somewhat strange use of magic kept me from giving 'Dreaming' five stars. 1 von 1 Kunden fanden die folgende Rezension hilfreich. What a disappointment! Von Ein Kunde I bought this book on the basis of all the positive reviews here and because I greatly enjoyed the prequel to Dreaming - Bewitching. But I was sorely disappointed - this was almost a wallbanger for me except for the lovely romance between the secondary characters Neil and Gianna. The novel starts off great but unfortunately, the rest of the book is a recounting of the many, many foolish antics of Letitia. At first her awkwardness is cute but it wears thin after she has shot, almost drowned and otherwise entangled Richard in one debacle after another. She is always the little girl who needs rescuing and moreover she likes to play that role. I felt sorry for Richard for being saddled with a heroine who is little more than a dependent child. The book is well written and should be enjoyable to fans of "I Love Lucy" therefore I gave it 2 stars even though Letitia is utterly devoid of any charm or virtues other than dog-like devotion to Richard. 1 von 1 Kunden fanden die folgende Rezension hilfreich. One for the home library ... a must-read!!!! Von Ein Kunde Dreaming is a wonderful romance about love, laughter, and faith. A book to make you laugh, cry, and fall in love. Jill Barnett has a gift unlike any other to pull you into her writing and make you FEEL. The reader falls in love with the heroine and joins in her enthusiasm of and for love. An amazing writer and an incredible book, this is a must-read for anyone who believes in or needs to believe in love

**Kurzbeschreibung** The Earl of Downe has come home to rusticate from his wild ways--spurred by his need to prove his father was right...that he is nothing but a worthless rake. But at a neighboring estate, Letty Hornsby believes dear Richard is her hero, her dream man, her heart's desire! She's been in love with him since childhood, since she was eleven and accidentally knocked him into a river, the first of several such disastrous encounters. Now that the earl's friends have convinced him to leave Town and recuperate from overindulgence (women, alcohol and gambling), Letty is taking advantage of the opportunity and spinning her own plan to save Richard from himself. Richard expects his life to be boring and restful once he's home, but after a chance encounter with the meddling Letty and her obnoxious dog, Gus, he discovers there is no rest for the wicked. He soon finds himself captive aboard a smugglers' ship with an adoring young woman who is a walking catastrophe...and her enormous clod of a dog. Never missing a beat, she gets them into one hilarious predicament after another before Richard realizes that she might be the one woman who can save his black soul with a faith in him that is bright enough to burn the shadows from the darkest heart. If he can survive.... Publishers Weekly starred review. "A ray of summer sunshine!" Jill Barnett has concocted another charming tale filled with witty dialog, plenty of humor and a sprinkling of magic. **Kurzbeschreibung** The Earl of Downe has come home to rusticate from his wild ways--spurred by his need to prove his father was right...that he is nothing but a worthless rake.
