Von Tamara Leigh : **DREAMSPELL: A Medieval Time Travel Romance (Beyond Time Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised DREAMSPELL: A Medieval Time Travel Romance (Beyond Time Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. What is

real? Von Jane Pike A doctor close to dying by cancer, an ex-soldier, her guinea pig and her devotion to her research of sleep disorder are the foundation for this book. Mac tries to convince Kennedy that he managed to time travel in his dreams induce through his sleep disorder. He keeps himself awake until he is close to a comatose sleep and while there, he swears he is 600 years back in time. Handing her a book as proof of his words he disappears and turns up dead a couple of days later. Kennedy's health condition gets worse and soon she finds herself in a dream with soldiers, death, horses and a man from the historical book she read about. Mistaken as the caretaker for the Barons wards, she is to guard the children from him harming them. While so close to Fulke, she is not so certain anymore if history has condemned the right man. All of a sudden she is in the middle of an intrigue and has her hands full of staying alive. Hopping back and forth between her life and her dreams. Can these dreams be real? Does she want them to be real and stay where she is not ill? Can she grab her second chance or is it all a lie? This is one of the books that I really enjoyed lately. The author thought everything through and did not make it too easy. Thankfully no instant love between the two main characters, but a great journey for both in which they try to figure out who to trust. It had been heart melting to know that Kennedy will die and to see how her beloved ones are taking that. When you like historical romance and a clever plot then you have found your book. It keeps you up until late in order to find out who is behind the attacks and whenever you think it ends there is another twist and turn that you did not see coming. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Tamara Leight steht für Qualität Von Viel-Lese-Maus Tamara Leight schreibt so, dass man nicht mehr aufhören will zu lesen. In ihrem Buch stimmt alles von der Story über die Charaktere bis zur Glaubwürdigkeit. Obwohl sexuelle Anziehungskraft ein Thema ist, kommt sie ohne die inzwischen blichen, ausufernden Sexszenen aus.

Kurzbeschreibung A TIME TO LIVE. A TIME TO DIE. A TIME TO DREAM. Sleep disorders specialist Kennedy Plain has been diagnosed with a fatal brain tumor. When her research subject dies after trying to convince her he has achieved dream-induced time travel and her study is shelved, she enlists herself as a subject to complete her research. But when she dreams herself into 14th-century England and falls into the hands of Fulke Wynland, a man history has condemned as a murderer, she must not only stay alive long enough to find a way to return to her own time, but prevent Fulke from murdering his young nephews. And yet, the more time she spends with the medieval warrior, the more difficult it is to believe he is capable of committing the heinous crime for which he has been reviled for 600 years. Baron Fulke Wynland has been granted guardianship of his brothers heirs despite suspicions that he seeks to steal their inheritance. When the king sends a mysterious woman to care for the boys, Fulke is surprised by the lady's hostility toward him--and more surprised to learn she is to be his wife. But when his nephews are abducted, the two must overcome their mutual dislike to discover the boys' fate. What Fulke never expects is to feel for this woman whose peculiar speech, behavior, and talk of dream travel could see her burned as a witch.

ber den Autor und weitere Mitwirkende Tamara Leigh holds a Masters Degree in Speech and Language Pathology. In 1993, she signed a 4-book contract with Bantam Books and began writing full time. Her first medieval romance, Warrior Bride, was released in 1994 and nominated for a RITA award. Continuing to write for the general market, she was published with HarperCollins and earned awards and spots on national bestseller lists. In 2006, Tamaras first inspirational contemporary romance, Stealing Adda, was received with critical acclaim. In 2008, Perfecting Kate was optioned for a movie and Splitting Harriet won an ACFW Book of the Year award. In 2012, Tamara returned to the historical romance genre with the release of Dreamspell: A Medieval Time Travel Romance, followed by the Age of Faith series, which will include the seventh book, The Awakening, in winter 2017/18. Baron Of Blackwood, the third book in the #1 bestselling The Feud series, is now available. Among Tamaras #1 Bestsellers are her general market romances rewritten as Clean Reads, among them: Lady at Arms, Lady Of Eve, and Lady Of Conquest. The final rewrite, Lady Betrayed, released August 2017. When not in the middle of being a wife and mother, Tamara dips her writers pen in ink and nose in a good book. She lives near Nashville with her husband, a Doberman who bares his teeth not only to threaten the UPS man but to smile, a German Shepherd who

has never met a squeaky toy she cant destroy, and a feisty Morkie who keeps her company during long writing stints.
