like the girl on it (missing the full lips and the frizzy hair) this is an awesome book to read from first page to the end. Loved the tone of the book, Miranda's character and of course, Mister Sutherland. While the story line could be easily predicted from the first page, the book is a must read for all fans of supernatural humorous book for which Molly Harper is famous. highly recommend it especially since it brings a little human touch in the vampire saga, which is refreshing. Only vampire books start to be a little pass.

Kurzbeschreibung A standalone novella introducing a new side of Half Moon Hollow featuring a freewheeling courier and the stuffy vampire she has to transport. Miranda Puckett has failed at every job she's ever had. Her mother just wants her to come home, join the family law firm, and settle down with Jason, the perfect lawyer boyfriend. But when Jason turns out to be a lying cheater, Miranda seizes on a job that gets her out of town: long-distance vampire transportation. Her first assignment is to drive vampire Collin Sutherland from Washington to sleepy Half Moon Hollow without incident no small feat for a woman whom trouble seems to follow like a faithful hound dog! And she has to do it without letting her passenger the most persnickety, stuffy, devastatingly handsome vamp she's ever met drive her crazy. As she and Collin find disaster on the roads, they also find an undeniable spark between them. Could Miranda have found the perfect job and the perfect guy for her?
