One of Graham's better romancesVon Ein KundeFifteen years ago, all the members of the high school "in" crowd gathered at the rock pit to hang out and enjoy the warm waters of the Miami coast. On the surface, they appeared to be a happy

group, but beneath the surface, simmering tension was boiling. Soon that tension leads to the murder of Mandy, who the police feel was purposely tied to underwater vines. Except for Sean Black and his brother Michael, everyone else comes from rich families, who hire lawyers to keep the police at bay. Sean is arrested for murder. No one puts up his bail. His public defender gets the case thrown out of court due to the lack of evidence. A cynical Sean leaves town. Feeling guilty for not helping him more, Lori Kelley also leaves, going to England where she marries and has a son Brandon. Now Sean has returned to town and the killings have begun anew. Sean and Lori, who were attracted to each other fifteen years ago, fall in love, but the serial killer has a plan for them that will not just separate them. The murderer plans to kill both of them. New York Times best selling author Heather Graham is one of the leading authors of romantic suspense, Her tremendous skill allows her to place equal emphasis on the romance and the suspense without shortchanging either one. Her current novel, *DROP DEAD GORGEOUS*, is an enjoyable tale that is clearly one of Ms. Graham's best contemporary romances. The appealing characters are easy to identify with and the fast paced story line provides a thrill a minute. Fans of the sub-genre, and for that matter, fans of serial killers, will love this terrific tale. Harriet Klausner 1 von 1 Kunden fanden die folgende Rezension hilfreich. Another Great Mystery!!! Von Ladywizs10@aol.com A mystery you just can't figure out! Everybody looks guilty. I kept referring back in the book thinking, well, this one's here and this one's there. They couldn't have done it. But, as I soon learned, you can convict them all and you can clear them all. You just have to get to the end, the very end, to find out. My husband says, one more of Heather Graham's books and I'm fired!! 1 von 1 Kunden fanden die folgende Rezension hilfreich. Not a usual Graham blockbuster! Von Ein Kunde The only reason I kept reading was because it was Heather Graham. I really have enjoyed all of her other books, however this one was lacking in comparison. I think that it was a good story line, but it just never got developed into the usual blockbusters she writes. It was good to pass the time with, but by far not a favorite.

**Kurzbeschreibung** After being acquitted of murdering his high school girlfriend 15 years ago, a man returns to Miami. While there, he encounters another former girlfriend and discovers that they still share feelings for one another. But before the couple can rekindle their relationship, they must confront the past. Old high school friends connected to the events leading to the 15 year-old murder are being killed. In order to learn the truth behind the deaths, they must return to the scene of the crime...and stop a psychotic killer from finishing what he started so long ago....deAs teens, Lori Corcoran and Sean Black shared a brief love that ended in tragedy when a woman died and Sean was tried, and subsequently acquitted, for her murder. Now, 15 years later, Sean and Lori both return to their hometown in southern Florida just as another woman from their circle of high school friends is brutally murdered. Sean, a bestselling crime novelist, is drawn into the police investigation, while Lori, a widow with a teenage son, is reunited with old friends... one of whom may be a serial killer. As their feelings for each other reignite, Lori and Sean struggle to make sense of the past and elude a killer who's striking with increasing frequency. Graham skillfully manages a large cast of characters and keeps the suspense simmering, providing just enough clues and titillation to make the pages turn. -- Ellen Edwards **Kurzbeschreibung** After being acquitted of murdering his high school girlfriend 15 years ago, a man returns to Miami.
