visually and at times disturbingly, I was hooked page to page. You won't relive the little mermaid the same after this .

Kurzbeschreibung Seven emotionless princesses. Three ghostly sirens. A beautiful, malicious witch haunted by memories. A handsome, self-mutilating prince. Belonging to a race that is mostly animal with little humanity, a world obsessed with beauty where morality holds no sway, a little mermaid escapes to the oceans surface. Discovering music, a magnificent palace of glass and limestone, and a troubled human prince, she is driven by love to consult the elusive sea-witch who secretly dominates the entire species of merfolk. Upon paying an enormous price for her humanity, the little mermaid begins a new life, uncovering secrets of sexuality and the Immortal Soul. As a deadly virus threatens to contaminate the bloodstreams of the whole merfolk race, the little mermaid must choose between the lives of her people, the man she loves, or herself. A complete reinvention of Hans Christian Andersen's classic fairy tale, this is a magical-realist fable that captures the essence of sacrifice and the price of humanity.
