the author did a good job.

KurzbeschreibungI didnt plan to become a stripper who performs live sex shows. But thats what happened. Its what I do, and Im good at it. I was going to go on and do something with my life. I was going to be something more than just a piece of ass. But thats not how it worked it out. Men dont control me. Not anymore. Not until my best friend left and he came into my life. I dont want lose myself and drown in another man. But Im afraid its already too late.\*\*This book is intended for mature audiences only, due to graphic depictions of sex and bad language.
