Great military romance will appeal to fans of legal thrillerVon Ein KundeAt Laurel Air Force Base in Mississippi, Colonel Jackson informs Cptain Tracey Keener that she will defend Captain Adam Burke who is charged with treason and murder. The evidence clearly leaves no doubt that the intel officer betrayed his country, leading to the death of his

men. Adam tells his lawyer that he is not only innocent, but he has been set up as the scapegoat by a powerful conspiracy. Tracey may be his assigned Staff Judge Advocate attorney, but she does not believe her client and worries more about the impact on her career that this high visibility case will have. However, Tracey begins to reconsider what Adam insists is the truth when he mysteriously dies and someone begins to threaten her life if she fails to drop her inquiry. Her superiors also threaten her career if she fails to let go of the Burke case. Still, Tracey knows the value of life and integrity from a personal perspective. She continues to dig into the murky world of Intel, vowing to learn the truth even as she places herself in peril and her career in jeopardy. When it comes to the military romance sub-genre, there are no SHADES OF GRAY that Vickie Hinze is one of the top guns. Her latest novel DUPLICITY has cross genre appeal to the legal thriller crowd as well as the military romance audience. The storyline is crisp, action-packed, and filled with insight into the world of military justice and honor. Tracey is a wonderful character whose changing conflicts bring the novel into perspective. If justice prevails, Ms. Hinze will quickly reach the top of multiple best selling lists. Harriet Klausner von 0 Kunden fanden die folgende Rezension hilfreich. Great military suspense novel Von Ein Kunde This is my second novel by Vicki Hinze and amazingly it outshone Shades of Gray. When military lawyer Captain Tracy Keener is assigned to defend fellow officer Adam Burke, accused of treason, cowardice and murder, she realizes this is career suicide. Everybody, including Tracy, knows that Captain Burke is guilty, but things may not always be what they seem. Adam tells Tracy that he has been set up and so has she. Not believing him, she searches for answers. When Tracy uncovers some proof to what Adam is telling her, Adam mysteriously dies in a fire. Haunted and feeling guilty for Adam's death, Tracy risks her life to find the answers. In the meantime, love blossoms from an unexpected source. This book was great! If you love a legal thriller-throw in some romance-this is the book for you! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Duplicity is daring, dazzling, and a definite keeper! Von Ein Kunde Hinze has REALLY done it this time! DUPLICITY is the best romantic suspense I've ever read. Fast-paced, well-researched, with a plot so real you'll think you're reading tomorrow's headlines, DUPLICITY has characters with such honor and depth you'll find yourself glowing with renewed respect and awe for the women and men who put their lives on the line every day to protect us all. Kudos, Ms. Hinze, for reminding us of all we should be as Americans. I can't wait to read ACTS OF HONOR due out in January 2000. With the Y2K scare infiltrating the media, it's nice to know I can start the next millennium with a fabulous new book!
