Von Stuart MacBride : Dying Light (Logan McRae, Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dying Light (Logan McRae, Book 2) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 3 von 3 Kunden fanden die folgende Rezension hilfreich. Guter Krimi Von _Buchliebhaber_ Ich habe den ersten Roman von Stuart MacBride bisher nicht gelesen, aber nach Lektüre von Band 2 werde ich ihn mir sicher noch kaufen. Es ist ein gut geschriebener, spannender Krimi mit sympathischen

und glaubwürdigen Charakteren. Hauptperson ist ausnahmsweise kein hochrangiger Polizist, sondern ein Detective Sergeant, der abwechselnd unter verschiedenen Vorgesetzten arbeiten muss. Das Zusammenarbeiten in einer Polizeistation wird ganz gut und interessant beschrieben, die Macken verschiedener Kollegen sind oft recht amant. Insgesamt fällt das Buch wohl eher ins Genre des police procedural als ins Thrillerfach. Trotzdem spannend und für Krimifans zu empfehlen. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Again a very good Logan MacRae novel Von jc_1970 I have read all Logan MacRae novels by Stuart MacBride (which are released so far), and I thoroughly enjoyed all of them. I especially like the Aberdeen setting and the interwoven story lines all of which are always resolved in the end. Somehow Stuart MacBride manages to combine good plots with interesting characters. With his humorous way of telling the stories he takes the edge of the sometimes pretty violent plots. This review applies to all the Logan MacRae books. I haven't been disappointed by Stuart MacBride so far. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Dster und makaber Von Anne Witzleben Wer skandinavische Krimis liebt, ist hier richtig. Mein Ding ist es jedenfalls nicht, es ist mir viel zu blutrünstig. Außerdem ist die Geschichte berfrachtet mit gleich 3 verschiedenen Mordserien mit vllig unterschiedlichen Tterprofilen. Da kann man auch bei den zustndigen, rivalisierenden Kripo-Abteilungen nicht mehr folgen.

Kurzbeschreibung The Number One bestselling detective series from the award-winning Stuart MacBride continues in this second crime thriller. Its summertime in Scotland: the sun is shining, the sky is blue and people are dying Its summertime in the Granite City: the sun is shining, the sky is blue and people are dying It starts with Rosie Williams, a prostitute, stripped naked and beaten to death down by the docks the heart of Aberdeens red light district. For DS Logan McRae its a bad start to another bad day. Rosie wont be the only one making an unscheduled trip to the morgue. Across the city six people are burning to death in a petrol-soaked squat, the doors and windows screwed shut from the outside. And despite Logans best efforts, its not long before another prostitute turns up on the slab From Publishers Weekly In this savage, darkly comic second American outing for the newest member of the "Scottish noir" school, the action begins with a particularly gruesome crime: a madman has sealed up a squatter's apartment and set it and the six people partying inside afire. That same evening, a prostitute is found beaten to death, and Det. Sgt. Logan MacRae, the ambitious star of Cold Granite (2005), is on the case. But his star has fallen; after a botched raid, MacRae has been demoted to the "Screw-Up Squad," led with a droll lack of enthusiasm by one Inspector Steel. Several characters from Cold Granite reappear, but newcomers won't have any trouble parsing this thriller, though some may be unsettled by the jarring but witty contrast between MacBride's wry tone and the story's brutal violence. The city of Aberdeen figures as one of this well-written novel's main characters, a portrait that will warn readers away from its mean streets. (Aug.) The climate perfectly suits surly Detective Sergeant Logan Lazarus McRae, recently demoted to the Grampian Police's "Screw-Up Squad," after a sting operation he was manning left a senior officer dead. Desperately seeking professional redemption, McRae finds himself straddling two grisly cases: the savage murder of a prostitute and a suspicious fire that claimed six lives. Being a detective is grim, often thankless, work, and McRae and his fellow, foulmouthed officers numb themselves with a host of less-than-healthy substances: nicotine, dark ale, bacon sandwiches ("butties"), and greasy chips. There's little rest for McRae, as he navigates a world of sleazy journalists, drug-dealing grandmothers, and slick corporate financiers. But he does manage to slip in time between the sheets with fellow officer Jackie Watson, while trying to steer clear of ex-girlfriend Isobel, a forensic pathologist whose personality is just a few degrees warmer than her specimens in the morgue. Fans of Ian Rankin and Denise Mina will enjoy the mordant MacBride, whose second novel is every bit as dark and riveting as his debut, Cold Granite (2005).
