wonderful read! Von MAD4ROMBKS After her husband nearly ruins her life and career with his addiction to painkillers, Dr. Kelsey James gets a divorce and moves to Los Pinos, Texas with her son, Bobby. There, she helps Lizzy Adams-Robbins run the local clinic, and tries to rebuild her life. Then Bobby is kidnapped and Kelsey is desperate to find him before it's too late. Private Investigator, Dylan Delacourt is called in to help search for the three year-old. Dylan suspects that Kelsey isn't telling all the information she knows. Since he lost his own son to his ex-wife when they divorced, he finds it difficult to trust Kelsey. But they will need to learn to trust each other with their secrets before they will be able to find Bobby. Sherryl Woods always gives you something to smile about and warm your heart when reading her books and this series within a series is no different.

Kurzbeschreibung Private detective Dylan Delacourt had only to look into baby doctor Kelsey James's beautiful green eyes to know he'd move heaven and earth to find her kidnapped son. But having lost his own son to his ex-wife, Dylan had a particular distrust of single mothers. Especially when, despite their increasing attraction, Kelsey seemed to be withholding crucial information. But learning the truth of her secret and revealing his own buried anguish gave Dylan new hope. Suddenly, whatever risks he had to take seemed worthwhile, for he might find not only Kelsey's son and his own but the love of a lifetime, as well.
