The more the merrier - this is one nice readVon

Philologus This fantasy is situated in the world of Celaeno where only women have survived the colonization of a new world. The world has gone back to medieval standards: horsepower, bows swords and a nice touch of inquisition if you happen to be an heretic. Fletcher is nicely developing the main characters the Ranger Riki who is serving with the rangers and due to adolescent pranks not doing to well und Tanya her new Corporal. This is a fun read, very well fleshed out with a nice love story added on top. The author keeps getting better and better and it is nice to know that a new volume of the Celaeno series is in the making.

Kurzbeschreibung When you're short on friends and long on enemies, things can't get much worse. Until they do... Ranger Riki Sadiq is known as a troublemaker, and in the close knit heretic community, a ero name is hard to lose. Standing sentry duty on a winter's day, all she can see lying ahead is an afternoon of being cold, miserable, and bored. Her mood isn't helped by deliberate goading from people who are supposed to be working with her. Even so, retaliating in kind isn't one of Riki's better ideas. When Riki is dispatched to Westernfort for one last chance in the Rangers, the hostile reception means her list of enemies has become still longer, and prime candidate to head the list is her new patrol corporal, Tanya Coppelli. It is hate at first sight. The way Riki sees it, Tanya may have good looks, talent and sharp wits, but is that any reason to like her? However, if Riki but knew it, trouble of a deadly kind is heading her way. With their lives at stake, Riki and Tanya will have to overcome the mutual antagonism and learn to work together.
