MagicalVon Anna SalamatinUnlovableI was totally captivated from the very start of this fast paced, incredibly funny story! A 3:45 am phone call from a demigod named Crixus telling the good doctor that they are going to save the world, is a darn good indication of things to come!Add a hit man named Liam who works for a Las Vegas casino owner named Stefano Fathead, Cupid who is love sick himself and not doing his job, Psyche and her Pegasus and we have a recipe for an Unbelievable side splitting adventure!This cast of entertaining, well developed characters will have you laughing out loud with their antics and individual style. I found even the "bad guys" endearingly hilarious.....and the best is yet to come as you'll see at the end.I definitely recommend this outstanding, funny, paranormal romance to anyone 15+ who can see that the sometimes blatant descriptive language is aimed at the

fun. Unlucky This installment finds us right where the 1st one left us, with that creepy Valentine, threatening death if the gold wasn't returned.... The only problem is, Matilda has no knowledge of any gold... Who keeps doing this to her? But never fear, it's Crixus the sexy demigod and the oh so hot hit man Liam to the rescue. We even see more of Rolly, who is now the ex security guard Matilda's new client. Crixus has brought back up. Meet Felicitous Firecratch Mc Whiskeybottom,.. "Flick" for short. He is a Leprechaun with a twist. He has a few different personalities. I don't think I need to tell you how that is going play out. Oh! but that's not all! Hundreds of Leprechauns show up to party, our motely crew is going to go up against the Tato Mens, and we can't forget the Westies, an Irish street gang and the threat that the BSA, Bureau of Supernatural Affairs could get involved. This one has all the wackiness we enjoyed the first time around and yes, yes, yes, it's just as hot! Unhappy This is another hilarious go round with our favorite doctor, demigod, hitman Rolly's been reinstated as security guard, so the gang's all here!.... Crixus shows up with a new client (Adonis) Matilda of course being a mere mortal can't resist. Word gets out to the two goddesses' so now they are gunning for the doc. Liam Crixus are both jealous. The Easter bunny (Marvin) pops in and he has a death wish. Matilda finds out she is being blackmailed, ..... Yep, just another day in the life! LOL! This one is pure, non stop mayhem, the hits just keep on coming.... I was gifted this book in return for my honest review.

A steal, considering she provided the wrappers in advance. Though her early work debuted to mixed reviews, she never quite gave up on the writing thing, even while earning a mostly useless master's degree in art history and taking her turn as a cube monkey in the corporate warren. Because the voices in her head kept talking to her, and they discourage drinking at work, she started writing instead. When she's not standing in front of the fridge eating cheese, she's hard at work figuring out which mythological, art historical, or paranormal friends to play with next. She lives in Colorado with the love of her life and three surly cats. Cynthia loves to hear from her readers.
