KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A sassy, witty romp into the world of assassinsVon mountainmamaCircumstances might have forced Michael Charon out of the

CIA, but they'll never get him out of the "business". He sets up his own ultra-high-tech security firm, and creates a reputation for getting results for his uber-powerful clients. When he discovers his former girlfriend has hidden two children from him, the four reunited family members team up to solve a mystery together. Mayhem ensues as the old flames are rekindled between the two ex-lovers, and the four proceed to wipe out the bad guys while never missing a punch or a punch line. Rod Pennington crafts a fine story. His dialog is spot on and the characters are well-developed and likable. It's witty, humorous, fast-paced, and very entertaining, with just enough sexy bawdiness to make it a fun read that will not disappoint!
