hilfreich. a very good read Von Sharon SaI enjoyed this book as well as the 3 before it. It is very action packed and full of suspense. If you enjoy fantasy, this would be a good read.

Kurzbeschreibung Just hours after finding Andromeda and crossing paths with her mother, Sienna Nealon finds herself up against a bigger threat than ever before. Omega, the organization that unleashed Wolfe and others upon her, has declared war on the Directorate and the first strikes have already landed. Facing the seemingly unstoppable forces of Omega and Siennas own mother, the Directorate seems poised for defeat when a new threat rears its ugly head - a traitor in their midst, one that may mean the destruction of everything Sienna has come to care about.
