KurzbeschreibungFantazia is a fantasy romance with a bit of kink by Julie NichollsFantasies hidden so deep she wont admit to them, even to herself. Elsa is very good at lyingto herself. She works every day then comes home every night to wine and her beloved paranormal romance book boyfriends. Wash, rinse, repeat. The thirty-five year old is locked in a cage of her own design, convincing herself shes happier this way. Safer this way. The sexy men found between the pages of a book will never hurt her, look disparagingly at her figure, or leave her for a younger woman. And if her sexual needs mean she has to take matters into her own hands? Wella girls gotta do what a girls gotta do.Her master plan, though, is beginning to fray around the edges along with her nerves. Tense, envious of her assistants seeming contentment, and suspicious of her subordinate, Elsa is miserable under her carefully constructed faade. Until fate and a flickering light bulb conspire to bring her face to face with a gorgeous janitor determined to force her to confront her issues and let go of her fears at Club Fantazia. Unable to dismiss her attraction to Jasper, and curious about the mysterious club, Elsa is tempted. Will big brown eyes and a brawny physique be enough to break down her walls of self-preservation? And what about that extremely annoying mind-reading ability he has? Its enough to make a girl reach for an extra glass of Merlot. Once inside Fantazia, Elsas life, as she knows it, will change forever. What happens when she learns she doesnt have to choose between the angel on one side and the devil on the other? She learns she can have both. Lucky, lucky woman. So what are you waiting for? Put that fantasy romance book down and get yourself over to Fantazia, the club you wont want to leave.Elize Love also publishes as Julie NichollsOther genres available by this Author who writes as Julie NichollsFantasy Romance, Fantasy angels, new adult, dark urban, teen young adult, eroticaKurzbeschreibungFantazia is a fantasy romance with a bit of kink by Julie NichollsFantasies hidden so deep she wont admit to them, even to herself.
