Von Olivia Goldsmith : Fashionably Late (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fashionably Late (English Edition):

The heroine was likeable and real and the plot engrossing. The parts that were somewhat unlikely were still great fun to read. Ms. Goldsmith combines stories that consist of the way life really is and the way that we'd like it to be (happy endings, sweet revenge etc.)This book is

perfect vacation reading and like all of Ms. Goldsmith's books the perfect gift to give to a woman friend. My only regret is that I don't own it in hard cover. I'm going to have to buy multiple copies because of all the wear and tear I've inflicted by re-reading it and lending it out. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Herrlich Von Yvonne Schreiber Olivia Goldsmith in bewährter Form - klar ist das nicht DIE Literatur der 90er/unsere Jahrhunderts, aber es ist definitiv lesenswert. Es wird mal wieder intrigiert was das Zeug hält, intensivst gelebt und gelitten. Und der Leser erlebt alle diese Emotionen live mit. Definitiv einer der besten von Frau Goldsmith (wenn einige andere auch eher danebengingen wie ich finde). Man lacht zwar nicht auf jeder Seite einmal laut los, weil es so komisch ist, aber es ist die Welt der Soaps, ähnlich schichtig machend und immer wieder schön, um dem langweiligen Alltag zu entfliehen! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Typical Goldsmith Novel Von Tam Sesto Karen Kahn, a fashion designer at the top of her field, should be on top of the world with happiness. So why isn't she? She's dealing with the knowledge that she's unable to have children, is searching for her biological mother, and is selling her successful business, reluctantly. Feeling pressured from all sides---husband, mother, sister---Karen slowly takes control of her unstable life. This book is written in typical Goldsmith style---stressed out female becomes a strong female able to take control of her life---fun to read, but very predictable.

Kurzbeschreibung From the New York Times bestselling author of THE FIRST WIVES CLUB. All of designer Karen Kahn's dreams seem to be coming true. She's been honored with the fashion industry's most coveted award, her marriage is thriving, and some very impressive money is being dangled in front of her in a proposed buyout. The only thing missing is that which she craves most: a baby. When she receives the heartbreaking news that she will never be able to have a child, it seems that although she has a designer label, she definitely doesn't have designer genes. Karen becomes determined to find her own biological mother: a woman she has never known. But as if the doctor's verdict has pulled a loose thread, Karen's carefully stitched life begins to unravel, and she suddenly finds herself on the brink of losing her company, her husband, and the only family she has ever known. Now Karen must decide which of her dreams she still wants...because keeping them alive is going to be the hardest thing she's ever had to do.
