**Von Sandra Brown : Fat Tuesday (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fat Tuesday (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Without real highlightsVon Book LoverI was rather surprised by the many positive reviews I found concerning this book.

Unfortunately I can't really concur. Positive aspects of the novel were the excellent descriptions of the different main characters, which were very accurate and precise. Furthermore, the author managed very successfully to connect the different fates of the main characters to create an interesting network. However, the book remained mainly descriptive and long-winded. Although the developments of the book were completely predictable, according to my opinion, it took the author too long to unfold the different threads, which resulted in a diminished reading pleasure. Sandra Brown knows better!!

1 von 1 Kunden fanden die folgende Rezension hilfreich. Sandra Brown is a jewel in the romantic suspense crown

Von Ein Kunde New Orleans Law Enforcement Officer Burke Basile has become a near berserker as his life falls apart. During an official drug raid, his partner accidentally dies from a bullet fired by Burke. His personal life also goes down the drain when he catches his spouse sharing a shower with another person. Burke seeks revenge on the person he holds responsible for the utter collapse of his life. .... To enact his vengeance on master criminal Pinkie Duvall, attorney to the rich and infamous, Burke first resigns from the force. He next poses as a priest to kidnap Pinkie's wife, Remy, an unloved trophy. The success of the kidnapping sparks a war between the ex-cop and the lawyer that spills all over the streets of Mardi Gras-bound New Orleans. However, it was not in the plan that the guard and the prisoner would fall in love with each other. Honor aside, with the muscle of the mob behind Pinkie, it appears that the criminal element will win this time unless a miracle occurs. ....

Sandra Brown is one of the leading authors of romantic suspense, a creative talent that please fans of both genres. FAT TUESDAY is clearly a Ms. Brown novel because it is loaded with plenty of action, fabulous characters set in the Big Easy, and a rousing sexual romance. Though the good vs the bad scenario seems at first glance to be quite simplistic (so was STAR WARS), this is one suspense-laden book that will be enjoyed by everyone. ....

Von Ein Kunde This was the first book I read by Sandra Brown and I thought that it was awesome. She really made me not want to put this book down. It kept me guessing and I like that. I loved the ending and It turned out just like I wanted it to. If you are looking for a book to read Fat Tuesday is one of the best. It's so good I'm even going to enter it in my school reading fair. I mean you can't find a book that's this romantic and exciting. It's also full of humor that is really funny. Sandra Brown out did herself on this one!

Kurzbeschreibung A police officer is furious that his partner's murderer was acquitted. In a desperate act of revenge, he kidnaps the defense attorney's wife. Who will find redemption in this story of corruption and passion? .de

Precise details change with the ages, but you can bet that the first story ever written had something to do with revenge. Sandra Brown continues the tradition with her latest brick of a book, Fat Tuesday. After a gruff 'n' tuff New Orleans narc, Burke Basile, mistakenly blows a hole in his partner's noggin, he vows revenge--not only on the thug who was directly involved, but also on the sleazy kingpin behind it all. And in finest cop-drama tradition, he vows to do it outside the law. Fat Tuesday only begins to cook after Basile turns in his badge and--mixing charm and coercion--enlists various underworld elements in his cause. It's all a little B movie-ish at times, but for every hooker with a heart of gold, there's a fresher character like Gregory, the homosexual hustler who uses his drama degree to Basile's benefit. The villains are bad (can't go wrong with a lawyer), the heroine good, and the hero a big, wounded warrior looking for true love. What's not to like?

Pressestimmen "A STORY THAT JUST KEEPS THE PAGES TURNING".-- Dallas Morning News
