Von Shannon McKenna : Fatal Strike (The Mccloud Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fatal Strike (The Mccloud Series):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Sexy Suspense with a psychic twist!Von Bianca @BJSBBMCloud's Friends #10 400 Pages release date - 24 September -

2013 5 StarsMy Opinion:Like all books in the series - I loved it!We already know and love Miles from the earlier books in the series and we heard about Lara in the previous book One Wrong Move.We start Fatal Strike a few months after Miles' brain was horribly tortured in One Wrong Move. He's physically ok now - but his mind is slowly driving him insane. The bad guy almost fried his brain - he can now see and hear better and every touch hurts - even the computer wi-fi waves hurt him. (and he's a computer geek!!)One good thing - the only good thing - about this whole mess is that he has dreams. Very erotic dreams about Lara Kirk - the girl he was trying to save but couldn't. He believes she's dead.But she's not - she's still being held captive by Thaddeus Greaves - he is using her as a guinea pig - he wants to perfect the psi-max drug that Lara's mother created. The drug that was responsible for killing both her parents. Well - the drug did not kill them, of course - bad guys did.After thinking for weeks that Lara is just a dream - that it's just his mind finally going insane - Miles finally starts to believe that she might be real - that she could still be out there somewhere.With the help from an old lady he finds a clue to where she could be held.And with the help of the McCloud clan he tries to save her.Only Greaves has so much psychic power that he almost ends up killing the McClouds - because they don't have any mental shields to keep him out of their heads.Of course we end up escaping - with Lara. But Greaves doesn't stop looking - he wants Lara for himself - and he keeps hurting and killing innocent people on his way to find her. But that's all I'm telling you I don't want to spoil your reading pleasure

I REALLY LOVED THE BOOK!!!I loved all the McCloud's books - they were all really erotic and exciting reads.Fatal Strike was just as good as the other 9 books in the series.I had always hoped that Miles would one day get his own story - and ta-daaaa - here it is Now the only one without his own book is cop and McCloud friend Sam Petrie - I hope he and Sveti will be next The only thing that I didn't like is the PSYCHIC stuff in the book - and the last books in the series as well. I hate everything super and paranormal. And this is just sooo far out of my believing-range, that I almost stopped reading a few books ago. BUT - I loved the McClouds and you can't just stop reading a series where you love every single one of the extended family The book would have been sooo perfect without the psychic elements - don't know what the Thriller part would have been about then, though - but that's the author's job - to think about interesting things. Just no psychic stuff anymore please!But even with the psychic element - I still loved it.Miles is sooo grown up all of a sudden - the mind-raping-torture session in the last book, somehow turned him into a real alpha - hero - manly - man And Lara is such a nice heroine - she's not getting on my nerves at all! Normally the girls in books are really annoying :) well sometimes at least. Lara is really nice - and she loves Miles right from the start - before she even met him.They can't depend on the McClouds too much - because without any mental shields they would all be in too much danger - so the 2 of them have to save themselves. Which is really exciting and adorable to watch/read.But don't worry - we still see enough of the McCloud clan!!Another tiny little thing I didn't like - there were too many UH's and AH's and UHM's in the book. If it was only one person doing the stuttering uh-ing - it would be ok - but it's all of them!BUT - the rest of the language I really like - it's not such a stiff and formal english like in other books. It's just like normal people would talk in real life.I ENJOYED THE BOOK A LOT - and I'm sure you will too - if you loved the first 9 books in the series - you will SOOO LOVE this one too! It was worth the long wait - we FINALLY have a book about Miles YAYYYYYWill there be a happy end???Yes of course! But the way to that HEA will be dangerous and exciting!Now hurry up Ms McKenna - we need Sam's story!!! ASAP!

Kurzbeschreibung"Edgy, erotic, and breathtaking." --Maya Banks, New York Times bestselling author Man On A MissionWhen Lara Kirk was abducted months ago, Miles Davenport vowed he'd bring her home. But the mission failed. Now, finding her after all this time will be next to impossible. . .Lara Kirk lives in a shadowy world where reality and fantasy are blurred. Enslaved by her captors, Lara has formed a deep attachment to a man she's not even sure is real--until the six-foot-five-inch powerhouse bursts in to rescue her. . . Once freed, Lara has no choice but to trust Miles with her life as they run from enemies too twisted to imagine. But they're also fighting a dangerous attraction that could kill--or save--them both. Either way, it's going to be a hell of a ride. . . Praise for the Novels of Shannon McKenna. . ."McKenna tantalizes the reader." --Publishers Weekly"McKenna blasts readers with a highly charged, action-adventure romance." --Booklist"An erotic romance in a suspense vehicle on overdrive. . .sizzles!" --RT Book s Kurzbeschreibung"Edgy, erotic, and breathtaking." --Maya Banks, New York Times bestselling author Man On A MissionWhen Lara Kirk was abducted months ago, Miles Davenport vowed he'd bring her home.
