Von Cheri Schmidt : Fateful (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fateful (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
Ingenious and Full of the UnexpectedVon Book Stalking PRLook out Twilight fansthis book is definitely a tough competitor in the vampire world. First, I am usually wary about listening to the audible version of books especially because I love to leave the characters personalities to my own imagination. Schmidt (author) and Tristan (narrator) definitely changed my opinion for this audio book as I both read and listened to the story. I cant express enough my

unexpected surprise at how well the audio version portrayed the story SO closely to what I envisioned. Ingenious storyline filled with plenty of the unexpected with unanticipated happenings that keep you wanting more all the way to upcoming releases. At the end of the story I was ecstatic that there would be more to come as this is Book One in a series. I fell in love with each and every character especially Danielle Ethan who were very well developed. The highlight is that this is not your ordinary vampire plot and when done will be at the top of your recommendation list for this genre. Thrilled for Book Two!~The Book Stalker Reviewed0 von 0 Kunden fanden die folgende Rezension hilfreich. Truly loved this book. Von wildekOnce I picked it up I could not put it down. What a fun read and how refreshing to have romance without the smut!

KurzbeschreibungFateful is an unusual take on The Frog Prince...a fairy tale with bite. The magic and wonder of Harry Potter meets the melt-your-heart romance of the Vampire Diaries. When the sun sets in London the magic begins, but just as that magic begins her fairy tale romance ends...A huge fan of Jane Austen, Danielle hopes to find her own Mr. Darcy when she leaves Colorado to attend art school in London. Of course she knows its silly to wish for that, naive even. But shes met enough males who lacked respect for women, a growing trend it seemed. And at nineteen...well... However, on only her second night there she gets lost and is threatened by a stalker who proves to be immune to her martial arts training. Before she is completely overpowered, she is then saved by Ethan Deveroux. While Danielle does find the romance she seeks in Ethan, hes no Mr. Darcy. Her hero is held by a spell which fractures their chance at a happy ending. During the day Ethan is closer to mortal than immortal and can date her like any other man. Yet, as the sun sets, the powerful magic of an ancient curse returns and the evil of that spell is revealed. When that magic begins, Danielle's fairytale romance ends because Ethan Deveroux is a vampire. The bestselling Fateful Vampire Trilogy in order: Fateful (The Fateful Vampire Series) Book 1 Fractured (The Fateful Vampire Series) Book 2 Forever (The Fateful Vampire Series) Book 3 The trilogy is followed up with several more books as the story continues. Cheri went to Brigham Young University in 1988 where she majored in photography and design. She has worked as a portrait photographer and artist for twenty years. She has only recently realized that she can share the stories constantly playing through her thoughts, and added writing to her list of creative endeavors. She always did well in English, but never realized she could write as her other talents seemed to overshadow that hidden skill. She has always had an interest in fairies, mermaids, vampires, witches, and, in truth, just about any type of fantasy or myth. She started out in elementary school drawing mermaids, fairies, and witches, and has since sold paintings of them on eBay. As computer technology advanced, she began digitally enhancing photographs into those magical creatures as well. When stories of these beings continued to entertain her thoughts, to the point of almost haunting her, she decided it was time to start writing them down. FATEFUL is her first finished work, though other stories had come to her before that. She has seven other books in the plans, including: some on vampires, some on fairies, and all of them with a romantic twist.
