**Von Gemma Halliday : Fearless in High Heels (High Heels Mysteries #6) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fearless in High Heels (High Heels Mysteries #6) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Morning sickness, baby dolls and vampiresVon Mikka LiestThe plot:Maddie - highly pregnant, murderously hungry and deadly lethargic - has spent most of her days on the sofa lately, binge-eating and sighing over campy vampire movies. Her

best friend Dana decides that enough is enough! She drags Maddie into a trendy new club to give her some new energy and something else to think about but her pregnancy. It works only too well - finding a dead girl with bitemarks on her neck in the ladies' bathroom definitely chases all thoughts of her weight gain and fat butt out of Maddie's head(for now)!And of course, Maddie simply cannot resist sticking her nose into the investigation - she is an expert on vampires, after all! -, much to the displeasure of her husband. The relationship between them is strained and wilting, anyway - is it Maddie's little "Bump" that has killed all sexual tension between them, or is he just not attracted to her anymore?Pros:Maddie and her friends belong to the world of the hip, trendy and successful - actresses, models, designers... Makes it easy for a reader to indulge in a bit of wish fulfillment: what would it be like to live like this? At the same time, the characters are also likable and down-to-earth enough to make you wish you could invite them for a comfy movie night at home.The pregnant Maddie is torn between insecurity, joy, panic and hormonal rage. I had to laugh out loud a few times, because I could picture a situation so well. Her mother starts a hysterical campaign to make Maddie's home child-safe, and to prepare her daughter for the baby - with the help of a realistic doll that she's supposed to carry around with her everywhere. Hilarious!The dialogue between Maddie and her friends Dana and Marco is super-funny! Marco is easily my favorite: he is so extravagant, but at the same time timid, naive and and good-natured - very sweet! Can he be my best friend, please?The novel is easy to read and very entertaining; the dialogue is fresh, witty and funny. The story picks up speed very quickly and stays full of suspense until the very end. It never gets boring! The many little references to "Twilight" were uproariously funny to me - as were the amateurish attempts of the trio to try their hands at being "real" vampire hunters...Cons:Maddie's constant sighing and moaning about her fat butt, her newly gained pounds and her (supposedly) lost attraction can get a bit too much sometimes. Doesn't she ever look forward to the child with joy? You'd almost think that it's nothing but a nuisance for her. In the course of her investigation, Maddie endangers not only herself but also her unborn baby, but she doesn't even think about that.Summary:Despite the small flaws, I liked the book very much. I found it easy and fluent to read, and I felt well entertained from the first page to the last. You shouldn't expect a lot of depth, though - this novel is easy, undemanding entertainment, nothing more and nothing less, but well-done for what it is.0 von 1 Kunden fanden die folgende Rezension hilfreich. Maximal eine KurzgeschichteVon Fuchs JoanDieses Buch enttuscht doch sehr, es handelt sich mehr um eine Kurzgeschichte als um einen wirklichen Roman, und fr das ist der Preis mehr als gesalzen. Auch der Druck ist schlimm, 5-8 Worter pro Zeile, wenn man das wirklich richtig darstellen wrde, dann kme man maximal auf 100 Seiten. Die Geschichte ist auch nicht so spritzig, wie sonst, ganz eindeutig sind der Autorin die Ideen ausgegangen, zumindest fr diese Serie, und das ist doch sehr schade, war sie doch immer exzellent. Auch wenn das Baby und Twilight-Abkupfern doch momentan sehr modern ist und wohl so auch geplant ist, v.a. als kleiner Seitenhieb, ist es doch eher langweilig. Macht einfach keinen Spass. Sehr schade.

KurzbeschreibungNew York Times, USA Today, and #1 Kindle Bestselling series! Morning sickness sucks. Which is why fashion designer turned amateur sleuth Maddie Springer has spent the last six weeks being a couch potato and Moonlight vampire movie devotee. But when Maddie's best friends finally convince her to venture out, Maddie stumbles on a dead body of a girl who has been bitten on the neck, and life suddenly imitates art in the most deadliest of ways. Now Maddie is smack in the middle of a murder investigation involving a deadly dance club and a coven of Hollywood "vampires." Not to mention navigating the world of baby showers, diaper genies and Lamaze classes with her LAPD Homicide detective husband who would rather his pregnant wife not continue popping up in his murder investigation. Between the hormones, the homicides, and a flurry of fangs, Maddie and her gang work to track down the deadly truth... before the killer bites again!Books in the High Heels Series: #1 Spying in High Heels #2 Killer in High Heels #3 Undercover in High Heels #3.5 Christmas in High Heels (short story) #4 Alibi in High Heels #5 Mayhem in High Heels #5.5 Honeymoon in High Heels (novella) #5.75 Sweetheart in High Heels (short story) #6 Fearless in High Heels #7 Danger in High Heels #8 Homicide in High Heels #9 Deadly in High Heels What critics are saying about The High Heels Mysteries:"A saucy combination of romance and suspense that is simply irresistible." - Chicago Tribune"Stylish... nonstop action...guaranteed to keep chick lit and mystery fans happy!" - Publishers Weekly, starred reviewSmart, funny and snappythe perfect beach read!- Fresh Fiction "A roller coaster ride full of fun and excitement!" - Romance s Today"Gemma Halliday writes like a seasoned author leaving the reader hanging on to every word, every clue, every delicious scene of the book.
