Von Rachel Van Dyken : Fearless (The Ruin Series) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fearless (The Ruin Series) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great sequel of a great seriesVon Kindle-KundeFearless is a novella of the Ruin series and continues Kiersten's and Wes' story. After Wes' recovery (Ruin), Gabe's drama (Toxic) and Wes' graduation he plays professional football. Engaged to Kiersten, he can't wait longer for their marriage and plans secretly their wedding. The book describes the events that

surround their wedding day. The novella is amazing. After my small difficulties with Toxic it meets my criteria for my five-star-rating again. It is the best possible continuation of Kiersten's and Wes' story and introduction of Lisa's story. I connected with the story and felt the character's emotions. It is hard when you sit in a train cabin, surrounded by strangers and have to suppress your tears. In another environment, home alone in my room, I would have cried. I appreciate that the wedding isn't all about the fairytale and Kiersten and Wes have still to process the aftermaths of his cancer. It is honest and real. I love it and can't wait till the release of Lisa's story. It is great that her first-person narrative is involved in that novella. 17. Juni 2014

Kurzbeschreibung When I met Kiersten, time stood still. It was as if every cell in my body screamed HER. I couldn't look away, I couldn't walk away, I couldn't even move. My other half, my soul mate, was staring right at me. I had to have her. I had to make her mine. But I felt selfish doing that--knowing that I may not have endless amounts of time to give her...and even now that every thing's over with and I've been given that time back. Nothing is ever certain in this life. Which is why I'm about to do something crazy, impulsive, daring. After all, what type of person would I be if I didn't take my own advice? I'm jumping off the cliff, I'm living fearlessly. This is the continuation of Wes and Kiersten's story.
