**Von Nenia Campbell : Fearscape (Horrorscape Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fearscape (Horrorscape Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Good story with weaknessesVon AoifeThis book is so difficult to review. For me it was completely obvious who Val's stalker was (as I guess will be for most readers) and even though it was also entirely believable that Val was naive and innocent enough not to know it was still extremely frustrating to watch here not realizing while you were standing

there going STAY AWAY FROM THAT GUY. (Stupid fictional characters...why do they never listen to what I tell them?) apart from that I found the confrontation somewhat cliched. Admittedly it's a situation where it's hard not to end up with some cliches but there were some I was really tired of. The writing-style was brilliant, though. In fact it managed to catch the creepiness so well that I could only read a few pages after dark because it freaked my out so much (though after I was able to deal with that I told myself 'oh, I'll just read two more chapters before I sleep' and then it was suddenly one o'clock at night and the book was over...because despite some cliches it was still very thrilling). Another minor issue was that most of the book was told just from Val's point of view but towards the end we suddenly got some more, like her mother and teacher. I prefer it if a book can stick to either having multiple POVs from beginning to end or just uses one through the whole book.

Kurzbeschreibung He followed her because he wanted to own her. She trusted him because she wanted excitement. There's a saying that curiosity can kill but Valerian Kimble is beginning to learn that satisfaction might just be worse. Fourteen-year-old Valerian lives in an age where antiheroes and bad boys are portrayed as the romantic ideal, and good guys are passe and boring. So when Gavin Mecozzi, the school's brilliant but twisted loner, begins to show an interest in her after a chance meeting in a pet store, Val is intrigued. He's charming and poetic and makes her feel things that she thought were only possible in books-- Fear. Because somebody is stalking Val. Somebody who wants to hurt her. Own her. Possess her. Maybe even kill her. As her meetings with Gavin unravel into a more complex and frightening relationship, Val can't help but wonder if the new boy in her life is her depraved and obsessive stalker. And whether he's capable of murder. Time is running out. Kurzbeschreibung He followed her because he wanted to own her. She trusted him because she wanted excitement.
