BrywoodReviewed: Stephanie JordanI was a little confused at first then realized you need to read Rescued By The Alpha first which is book one. And yes Feral Seduction is book 2. Ms. Brywood really has her way with the pen, I just love her. Brandy needed a break her drunk abusive father is in jail probably for good he killed a woman this time which was horrible but the village people were terrible to her and now she had a stalker who wants to extract revenge for the dead woman. So Brandy went to her uncle's cabin only to get lost and a storm pouring rain. She see a cabin and run for it. Stryde thought he was going to make his trip to Ryker and Diana's ceremony tonight but the storm was not expected consequently he had to find shelter and the cabin he found was good enough. After awhile when she thought Stryde was sleeping Brandy took off and he followed her along with probably her stalker or it could be the person who killed his mate a while ago. Stryde had no choice but to wolf out in front of Brandy who of course freaked. What choice did she have be with a Werewolf or the Stalker well that choice was easy and she climbed on his back and they flew like the wind. There is so much to this story you need to read it. I'm telling you you'll love it. I was gifted this ARC for an honest and truthful review.

KurzbeschreibungStalked by Evil, Seduced by the AlphaForced to take refuge in an abandoned cabin in the middle of the woods, Brandy thinks she's finally escaped her stalker. But she quickly realizes, she's not alone. An unimaginably sexy, and very naked, man appears in the middle of the night to offer her protection. She's captivated by his stormy eyes, until she learns his dark secret. She knows she could never tame him, but when he makes the ultimate sacrifice for her, she knows she can't live without him. The more he tries to resist her, the more she wants him and for once in her life, she intends to get what she wants. Stryde, the reclusive alpha wolf of the Dark Moon Pack, doesn't believe in love. Fate claimed the life of his mate and he refuses to spend more than a few nights with any woman. But when he meets Brandy, she turns his world inside out. Haunted by the failures of his past, he's compelled to help her. Even though he wants to return to his reclusive life, he can't. Her dangerously sexy curves and feral seduction awaken his body, but he can't offer her more than a few nights of fleeting pleasure. There isn't a woman in the world that can heal his shattered soul. This is the second book in the paranormal romance series, Wolf Pack Protectors. It is a stand-alone book with no cliffhangers. Love scenes are fully realized and at times include explicit
