Von David Weber : Field of Dishonor (Honor Harrington Book 4) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Field of Dishonor (Honor Harrington Book 4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen5 von 7 Kunden fanden die folgende Rezension hilfreich. Disappointing - full of simplistic clichesVon sabine1963After reading the first three Honor Harrington books I looked forward to this one where space battle should take a back seat to political fights. However, the political fight was portrayed in such black-and-white colours that it was unbelievable. As already in previous books anyone who is arguing against the Navy is either a debauched aristocrat or a coward liberal. Honor's enemy is described as an absolutely vile and stupid person with no saving graces. Torture is acceptable if it gets Honor's friends the information they want. Self-justice within the system (via a duel) is acceptable if Honor uses it but not if her enemies use it. Honor

is perfect at everything she does, but does not care at all how she hurts the people who love her with her course. And those people still adore her, look at her with awe. This amount of black-and-white descriptions without any gray areas was getting on my nerves. It was not completely new - traces of it were present also in the earlier books. But this one took it to an extreme. 4 von 4 Kunden fanden die folgende Rezension hilfreich. And now for something totally different... Von Kristin Maguire While the previous three Honor novels are driven by battles and the PRH, Field of Dishonor is planted firmly in Manticore's political arena. The characters are the same, but the fighting takes on a different direction. This novel shows Honor finally growing up as a public person. Honor is thrown in the deep end of the shark tank when her long term adversary Pavel Young is court martialed. His smallness and obsession to destroy Honor move the book forward. In contrast, Honor's people stand in the gap for her, in order to level the playing field. Class warfare is in definite evidence here. This book, more than the previous ones has a strongly "British" flavor. At times, it is anachronistic, but somehow works. As part of the series, it's a "must read". Some men may find it to be too much of a "Chick" book. But, for all of us women who have screamed at the movie screen for the girl to kill the thug attacking her boyfriend, this book is a true validation of our full femininity. We can be powerful both professionally and physically. We can beat the ones that come after our loved ones. But we still bleed. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Die "Guten" gewinnen nicht immer ... Von Scimitar Nach der Schlacht um Hancock kehrt Honor ruhmbehaftet nach Manticore zurück, denn ihr Schiff bedarf der Reparatur. Auch soll sie endlich als Grfin ins Oberhaus von Manticore zurückkehren. Ihr Glück scheint perfekt, hat sie doch auch einen Mann gefunden, den sie liebt. Doch das anstehende Kriegsgerichtsverfahren gegen ihren alten Feind wirft seine Schatten voraus. Dessen korrupter Vater und seine Clique tut alles, um seinen Sohn vor dem wohlverdienten Urteil zu retten und dabei wird Honor nicht nur unerwartet Jagdwild für die Presse sondern zieht sich unter deren Dauerbeschuss auch zeitweilig nach Grayson zurück. Da passiert etwas, was Honors Glück zerspringen lässt und sie nur noch von Rache beseelt nach Manticore zurückkehrt. Und ihre Freunde stehen bereit, um ihr zu helfen. Letztlich muss sich Honor zwischen ihrer Karriere und der Erledigung einer lange ausstehenden Auseinandersetzung entscheiden. Und diese Entscheidung hat das Potential, sie von Manticore zu vertreiben. Dieser Band kommt zur Abwechslung mal komplett ohne Raumgefechte aus. Das politische System auf Manticore wird näher beleuchtet und fast wie einem Gerichtsthriller der Hintergrund einer Kriegsgerichtsverhandlung geschildert. Leider hat der Band auch einige Längen, die bei Weber so beliebten epischen Beschreibungen der persönlichen Qualen der Hauptcharaktere ist hier für meinen Geschmack - genau wie später in "Flag in Exile" etwas zu langatmig ausgeprägt. Dafür gibt es einen Stern Abzug. Trotzdem ist der Band innerhalb der Reihe gut zu lesen.

Kurzbeschreibung HONOR BETRAYED The People's Republic of Haven's sneak attack on the Kingdom of Manticore has failed. The Peeps are in disarray, their leaders fighting for power in bloody revolution, and the Royal Manticoran Navy stands victorious. But Manticore has domestic problems of its own, and success can be more treacherous than defeat for Honor Harrington. Now, trapped at the core of a political crisis she never sought, betrayed by an old and vicious enemy she'd thought vanquished forever, she stands alone. She must fight for justice on a battlefield she never trained for in a private war that offers just two choices: death . . . or a "victory" that can end only in dishonor and the loss of all she loves. ***David Weber is the new Big Name in science fiction, and his dauntless Honor Harrington has conquered not only the enemy but the hearts of thousands of readers everywhere, who have been relentlessly demanding Honor's exploits in a more permanent form. And we're happy to oblige.
