Von Tanya Huff : Fifth Quarter (Quarters Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fifth Quarter (Quarters Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen6 von 6 Kunden fanden die folgende Rezension hilfreich. Surpasses the original book in the series...Von Sarah CalkinsVery few second books in a fantasy series manage to live up to the promise of the first book. This one takes the already-interesting world of "Sing the Four Quarters" and vastly improves on it. It's not really a direct sequel in that the main focus of the book is not on the same characters, and even that in itself was a great choice. Huff has a talent for writing deeply flawed characters that are still very interesting and sympathetic, and this book is probably the best example of that. The characters are fascinating, the plot is suspenseful, and the mythology of the world (one of the most interesting aspects of the first book) is greatly expanded on. This book and the third installment, "No Quarter," are definitely two of the best and most original examples of the multi-

volume fantasy genre.3 von 3 Kunden fanden die folgende Rezension hilfreich. Amazing! Von M. Hitchcock This is an amazing book! The characters are built, and I felt that I really understood what they were feeling. The action was fast-paced, but the plot was still built delicately. I really enjoyed the topic also, two assassins whose target turns their lives upside-down. I found the characters highly amusing with their witty remarks and sometimes stupidity. But, be warned, if you don't want love in your books, this might not be the book for you. I highly recommend it.2 von 2 Kunden fanden die folgende Rezension hilfreich. Beneath the surface Von Ein Kunde This book brought back fond memories of The Firestone...my first encounter with Huff...managed to create a tapestry of words, revealing all the many things going on just beneath the surface. The simplistic yet complexity of each character reminds me of people in 'real life' The petty bickering of sibling rivalry mixed with very serious issues of FAMILY blend well with the other aspects bubbling away within the pages. Even though i felt more kinship with Vree (there is nothing i would not suffer for my brother) Bannon managed to find a special place in the circle of my thoughts...Despite his self-centered ridiculous behavior...Shallow, vain, beautiful, mysterious but most of all silly. I read this in one day...now i'm just slightly vexed because that's it...the end! well of course there was the Quartered Sea... and to think...I kept frowning and leaving this book on the store shelf for so long!

Kurzbeschreibung Trained to kill from childhood, siblings Bannon and Vree have only known life as assassins in the Imperial Army. The army is both their mother and father, their lives subject to the whims of the Crown. When their latest target steals Bannon's body for his own, Vree saves her brother by dragging his spirit in to share hers. But two assassins in one body is one assassin too many. To save both their lives, they must abandon the only life theyve known, risking Imperial ire and possible execution, to regain Bannons body. It isn't until after they capture Gyhard, the body thief, that they realize they can't force him to do anything while he holds Bannon's body hostage. But Gyhard is willing to trade Bannon's body for their assistance. All they have to do while being hunted for desertion and dealing with an unknown power able to Sing the dead out of the grave is betray the oaths they've lived by and help Gyhard secure the body of an Imperial Prince.
