Von Marysol James : **Fighting Hard (Fighting For Love Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fighting Hard (Fighting For Love Book 1) (English

Edition):

Kurzbeschreibung Nick Spencer has a pretty great life: hefty tips from hot women at the bar, lots of devastating flirting and come-ons, followed up by sex with no strings. Quick, casual, easy, gone with the sunrise that's his life and that's how he likes it. Until the night that Mia Ferris walks in to the bar. Nick doesn't know it, but this night is going to change everything. Mia's a writer, an optimist, a woman who speaks for those who have no voice. When her casual night out goes frighteningly wrong, it's Nick who saves her. He stays with her, brings her home, and puts her in his own bed. To his utter shock, he finds himself attracted to this sweet, tough, smart woman. When her newest book takes her in to the dangerous world of sex trafficking, Mia's sure that she can take care of herself. But then she ends up in a deadly situation, alone and terrified. Can Nick get to her in time? And if he does, will Mia be able to recover from the betrayal of people she trusted including Nick?
