gelesen Von MeMyselfAndI Zuerst dachte ich ja, es wre eine klassische Groschenromanstory: Frau wird verlassen von Freund, zieht sich zurck um die Wunden zu lecken und findet - absolut berraschend - die Liebe ihres Lebens. Irgendwie war es das auch, aber doch vielschichtiger als Durchschnittsware, lustig und nicht nur unterhaltsam sondern auch spannend zu lesen. Ein gutes Buch fr ein verregnetes Wochenende und es lsst ein warmes und zufriedenes Gefhl zurck nachdem man die letzte Seite gelesen hat. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Fun! Von eva__ I liked this book. Usually I prefer regency romance so I am not up to date on what story lines are "hot" in contemporary, but this one is complete with "my boyfriend proposes to my best friend" and "my new lover's brother likes me". It was a little confusing that the author tells most of the story as a third person narrative that follows Daisy, but suddenly it changes into different first person narrators. (It was easy enough to figure out who was talking, but it didn't add anything to the story and just annoyed me.) I liked Daisy as a character because she likes her job and is good at it, which seems rare. We get to know her family situation and the stuff she is dealing with, and she is very likeable. The goodlooking rich guy who falls for her is of course also nice, although he was developed less as an interesting character - his main appeal seemed to be his money and his looks (and the fact that he was really into her). 0 von 0 Kunden fanden die folgende Rezension hilfreich. Wow! Please more! Von Filerimos I really enjoyed reading this book and hope that there'll come more. You can really say, that Belmond and Daisy rushed into their love story *g*. (- I think every woman want a man like Belmond. He knows what he want *sigh*). This book is steamy and funny. It shows us, that when you find love: Don` t think much about the if`s and what's ... - Just grab it! Love does not judge how long you know someone.

Kurzbeschreibung The COMPLETE "LOVE in the USA" series starts here! This modern romance series is simply like no other. It's addictive romance reading that gets more satisfying as you journey further into these characters experience. Book one of the LOVE in the USA series features Daisy Blanchard and Belmont (Jack) Lord. Don't be surprised by the hot and fast start, Daisy and Belmont have a lot to learn about love, and here is where their education begins. It was one intense week in late October. I probably shouldve slowed our pace but I wasnt thinking clearly. I had just learned my boyfriend and best friend were engaged via a Facebook post, which left me heartbroken and wrestling with ghosts from my past. But Belmont Lord was so convincing and uninhibited, unlike myself. He also had demons of his own. We threw caution to the wind. Could fate had picked a more perfect time and place for two people to meet? Yes, it was one steamy and surprising week, but was it long enough to make us last forever? Find Her, Keep Her: A Marthas Vineyard Love Story is the first sexy, sensual and addictive contemporary romance in the LOVE in the USA series by author, Z.L. Arkadie. This manuscript has been updated as of 6/18/2017. Sex scenes are still frequent but they are no longer written in graphic detail. Also, some of the details that were hard to swallow have been made palatable. Although, do realize that I had chosen to write two imperfect human beings. In later books, as they choose to make their relationship work, they also choose to resolve their personal issues. After all that is the theme of the LOVE in the USA series--true love, real love is another catalyst in life which helps evolve two people for the better. So I write love stories more than romance, and from book one through twelve of this series, you will be able to read the difference. Visit zlkardiebooks.com to learn more about the author.
