Von Linnea Sinclair : Finders Keepers before purchasing it in order to gage whether or not it would be worth my time, and all praised Finders Keepers:

KundenrezensionenHilfreichste Kundenrezensionen5 von 5 Kunden fanden die folgende Rezension hilfreich. Nicht

perfekt, aber spannend! Von Geisha X Trilby ist Pilotin und Besitzerin eines kleinen, fast auseinanderfallenden Frachtschiffs, das sie soeben im Dschungel von Avamar versucht ein wenig auf Vordermann zu bringen, als ihr quasi aus dem Himmel ein kleiner Flieger der 'Sko vor die Fsse flit. Darin findet sie einen verletzten Zafharin, was eigentlich keinen Sinn ergibt, da 'Sko und Zafharin sich miteinander im Krieg befinden. Doch als Rhis, der Zafharin sich erholt hat, beginnen die Probleme. Pltzlich sind die 'Sko hinter Trilby her. Und das Frachtschiff ihrer Freundin Carina verschwindet. Ausserdem fhlt sie eine magnetische Anziehungskraft zu Rhis, doch kann sie ihm wirklich vertrauen? Zunchst mal sollte man wissen, dass man es hier zuvorderst mit Romance zu tun hat. Nur eben, dass das Setting mal eine SciFi-Welt ist. Auch ist das Buch nun sicherlich nicht perfekt: die Autorin benutzt viel und reichlich SciFi-Sprache und Frachter-Jargon, bis ber die Schmerzgrenze hinaus. Auch in der Logik der Handlung tun sich ein paar Lcher auf ber die man nicht allzu scharf nachdenken darf. Und ganz bel fr mich: der Held hat einen Schnauzbart, der dauernd erwht wird. *g* Doch all dies mal beiseite gestellt, hat "Finders Keepers" auch einige Vorzge zu bieten. Zunchst mal liest sich die Story erstaunlich spannend, stellenweise fiel es mir schwer, das Buch zur Seite zu legen. Die Charaktere - bis hin zu den Nebencharakteren - sind recht gut gezeichnet. Fr einen SciFi-Romance fand ich das gar nicht schlecht und werde mir bestimmt noch eines der anderen Bcher der Autorin vornehmen, weshalb ich trotz der erwhten Mngel noch (wenn auch ziemlich knapp) vier Punkte vergebe. Dass der Leser, der hier aber einen einfachen Science Fiction Roman erwartet hat, reichlich enttuscht ist, kann ich nachvollziehen. Man sollte schon darauf gefasst sein, dass es sich im wesentlichen um die Liebesgeschichte zwischen Rhis und Trilby dreht. 5 von 7 Kunden fanden die folgende Rezension hilfreich. Perfekt Von Lazy Literature Mein erster Sci-Fi-Liebesroman, aber er war wunderbar. Knnte ein wenig schwer werden fr Leser, die des Englischen nicht so mchtig sind (typischer Sci-Fi-Jargon, der dem Leser ein wenig mehr abverlangt als die bisherigen Romane, die ich so gelesen habe, aber das hat Sci-Fi wohl so an sich). Ich habe die Helden geliebt und es bedauert, dass es so "kurz" war. Definitiv ein Keeper fr mich. Die restlichen Romane von Miss Sinclair befinden sich bereits in meinem Noch-zu-Lesen-Stapel. Vielen Dank fr diesen tollen Roman! Den man einfach nicht verpassen darf. 10 von 15 Kunden fanden die folgende Rezension hilfreich. This author will go far! Von Detra Fitch Captain Trilby Elliot ran an old Circura II cargo ship. Most things aboard did not operate well, if at all. They were extremely outdated, including her nav charts. Her only companion was Dezi, her DZ-9 droid that spoke too much. While settled in Avamar's infamous swamp world, a Sko ship crash-landed. Trilby decided to salvage all available in the crash for much needed cash. After all, finder's keeper's. But instead of an enemy Sko, she found a Z'fharin. Trilby and Dezi patched him up, intending to continue to Port Rumor (her home world) for a pick up of cargo. It was not to be. He was THE Senior Captain T'vahr! Known by many less friendly titles. He was created by the Empire. He had been genetically manipulated. Keeping his identity hidden from her, he let her call him Rhis Vanur. He had escaped from the Ycsko and needed to complete his mission. Soon the Sko would own Trilby's Conclave, and later the Empire, unless he succeeded. No one, not even Rhis, believed he could ever care for anyone. Emotions were a waste of time and dangerous! But Trilby slowly wiggled inside his defenses. The Sko had Trilby's ship on their Kill List though no one knew why. An old, high-ranking, ex-boyfriend was out to win Trilby back for his own treacherous reasons. Trilby's nav charts (over 30 years old) were suddenly valuable to some anonymous forces. Her old friends were disappearing, Sko related somehow. But her new friends from Razalka were dangerous. With her new friends as crew, in her new and powerful ship, and with THE T'vahr the Terrible aboard, it was time it go kick some serious Sko butt! ***** It gets no better than this! An author after my own heart! This one caught me quickly and never let go. In fact, I read it in record time. (My husband is currently into the story.) Perfect for male or female readers. Don't think "bodice ripper". Could not be farther from the truth. No, this is jam packed with excitement, battle, adventure, romance, and treason! Highly recommended reading! *****

Kurzbeschreibung Independent trader Trilby Elliot is making some not-quite-legal modifications to her starfreighter, when an unexpected visitor falls out of space. Literally. Hes crashed onto the uninhabited planet of Avamar in a crippled Sko fighter the last place youd expect to find a Zafharin military officer because the Sko and the Zafharin have been at war as long as Trilby can remember. Rhis Vanur is your typically arrogant Zafharin. But to Trilbys surprise, he doesnt look down on her or her slapdash ship. Still, Trilbys learned the hard way that even though she found Rhis, she cant keep him. Shes just a low-budget jump jockey as far as men like him are concerned. Shes not falling for his offer to help until Port Rumor reports her best friend missing and Trilby learns that the Sko are hunting both her and Rhis. Now theyre in it together for better, for worse or till death blasts them to oblivion.... From the Paperback edition.
