And not just because of the cover, which I have to admit was the reason for buying it in the first place.But when I started reading I loved the story

right away. It is about three women, who struggle with their past, their present and their future. Somehow they get connected to each other and not just because they all love Colin Firth movies, who seems to be filming in Boothbay, where these three women meet each other. One of the things I really liked about this book is the alternating view between the three women, which makes it a three-in-one story. It really is a great, heart-warming story about leaving the past behind, creating a new future and finding the love one is looking for..... and Mia March also offers her readers two other great things. First of all, a lot of Colin Firth movies. As some of them were new to me, I am happy to be able to watch them, now. And last but not least, she includes a pie recipe if one would like to find one's own "Colin Firth". I really love that idea. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A below average example of chick lit Von Nina Holder While the synopsis sounded fun enough (I was expecting something a la Bridget Jones's Diary) the writing style is unfortunately clunky and filled with unnecessary adjectives. While I don't expect a Man Booker Prize standard from a 'chick lit' novel, this is definitely sub-standard. I sometimes wonder if people who are editing these things are actually literate... Not recommended.

Kurzbeschreibung From the author of *The Meryl Streep Movie Club*, "a heartwarming, spirit-lifting read just in time for beach season" (Kirkus s), comes a new novel about three women, connected in secret and surprising ways, who are in for a life-changing summer when rumor has it that actor Colin Firth is coming to their Maine town to film a movie. After losing her job and leaving her beloved husband, journalist Gemma Hendricks is sure that scoring an interview with Colin Firth will save her career and marriage. Yet a heart-tugging local story about women, family ties, love, and loss captures her heart--and changes everything. The story concerns Bea Crane, a floundering twenty-two-year old who learns in a deathbed confession letter that she was adopted at birth. Bea is in Boothbay Harbor to surreptitiously observe her biological mother, Veronica Russo--something of a legend in town--who Bea might not be ready to meet, after all. Veronica, a thirty-eight-year-old diner waitress famous for her "healing" pies, has come home to Maine to face her past. But when she's hired as an Extra on the bustling movie set, she wonders if she's hiding from the truth . . . and perhaps the opportunity of a real life Mr. Darcy. These three women will discover more than they ever imagined in this coastal Maine town, buzzing with hopes of Colin Firth. Even the conjecture of his arrival inspires daydreams, amplifies complicated lives, and gives incentive to find their own romantic endings. Praise for *The Meryl Streep Movie Club* "Consume with a bowl of popcorn and plenty of hankies." --Publishers Weekly "This is a fun, highly-readable story that begs to be discussed and should be a winner with book clubs!" --Beth Hoffman, New York Times bestselling author of *Saving CeeCee Honeycutt* and *Looking For Me* Pressestimmen March, author *The Meryl Streep Movie Club*, strikes gold again with this novel, which crafts three beautiful intertwined stories of three very different women who love the British actor. March writes poignantly and beautifully to give real meaning to the dramatic moments as well as lighthearted witty moments of humor. This one's a true pleasure to read. (Romantic Times) [Mia March] deftly blends froth (Colin Firth sighting at the local diner! Veronica's feel-good pies!) with more serious issues (adoption, meddling in-laws) for a winning summertime recipe. (USA Today) Werbetext One summer. Three women. And Mr Darcy.
