Wow...epic love storyVon rennmaus21This is now my fifth novel of Mia Sheridan and I cannot get enough of her writing, I started with Archer's voice and from then on she got me hooked up. She creates such passionate and intense love stories, you get so drawn into the story and the characters that you simply cannot put the book down. Calder's and Eden's love story was so unusual, them growing up in Acadia, a community of a the cult leader Hector, a bit like the Amish people I think, you see them when they fall in love for each other, which is not allowed for her because she is promised to Hector, you see them when they suffer because they officially cannot be together, they manage to escape but then are brought back by the police and the whole deseaster unfolds. In Finding Eden they live their separate lives because they don't know that each of them survived and I was hoping so much for them to find each other, that happens eventually but then they have to get know each other again, get over their horrific past experiences, they both need each other to heal, there are more obstacles to overcome but finally sigh yes they get their happy ever after. Go read it for yourself!

KurzbeschreibungFinding Eden is the continuation, and conclusion, to Becoming Calder. When the world as you know it has ended, when all that you love has been washed away, where do you find strength? When the new world you've stepped into is as isolating as the last, when your heart is broken, and your future is unclear, where do you find hope? Finding Eden is a story of strength, discovery, forgiveness, and undying love. It is about believing in your destiny and following the path that leads to peace. THIS IS THE SECOND PART, AND CONCLUSION, IN A TWO-PART SIGN OF LOVE SERIES INSPIRED BY AQUARIUS (BECOMING CALDER SHOULD BE READ FIRST). New Adult Contemporary Romance: Due to strong language and graphic sexual content, this book is not intended for readers under the age of 18.
